SUBCHAPTER 1[-]

PUBLIC GAME BIRD HUNTING

§13-122-1 Purpose. The purpose of these rules is to regulate game bird hunting, field trials, and commercial shooting preserves. [Eff 9/28/81; comp 11/06/99; am and comp] (Auth: HRS §§183D-3, 183D-31, 183D-34) (Imp HRS §§183D-2, 183D-3, 183D-4)

§13-122-2 Definitions. As used in these rules unless context requires otherwise:

"Archery" means the use of a bow and arrows for the purpose of hunting.

"Board" means the board of land and natural resources.

"Bow" means a device which consists of flexible material having a string connecting its two ends and used to propel an arrow held in a firing position by hand only, including long bow, recurve bow, or compound bow.

"Closed area" means an area within or adjacent to a public hunting area, where entry is prohibited to prevent a hazard to people or property.

"Cooperative game management or cooperative hunting area" means any lands, including but not limited to privately-owned lands or state leased lands, where the landowner or lessee has entered into an agreement with the State, granting the board authority, subject to landowner review, to engage in activities that are mutually agreed upon for the purposes of game enhancement or public hunting or both.

EXHIBIT 4b

"Crossbow" means a device which consists of a bow or curved latex material (referred to as linear bow) affixed to a stock that utilizes any device attached directly or indirectly to the bow for the purpose of keeping a crossbow bolt, an arrow, or the string in a firing position.

"Department" means the department of land and natural resources.

"Disabled hunter" means a hunter who has an impairment that substantially limits one or more of that person's major life activities, either in one or both arms or legs, vision, skeletal system, respiration, or circulation.

"Division" means the division of forestry and wildlife.

"Dog identification" means a license, tag, microchip, tattoo, or other documentation of ownership attached to or worn on a dog, which is registered with the county of ownership.

"Field trial" means the judging of performance of field dogs in locating, holding, and retrieving game birds released for such purposes.

"Game birds" means those birds designated by law or rule for hunting.

"Hunter" means a person who pursues with the means to take, kill, or capture game animals in compliance with this chapter. In public hunting areas a person who has the appropriate hunting license, stamps, tags, permits, or permit tags on their person is deemed to be a hunter.

"Hunter assistant" means a person who accompanies a hunter and assists by carrying game or unloaded firearms or archery equipment. Hunter assistants may not have ammunition or arrows in their possession.

"Hunting" means the act of pursuing with the means to take, kill, or capture game birds in compliance with this chapter.

"Means of take" refers to any device or set of devices capable of killing game animals; also referred to as hunting gear or hunting methods.

"Muzzleloading firearm" means a shotgun that must be loaded through the discharge end of the firearm or

EXHIBIT 4b

the barrel and that employs flint or percussion ignition. Muzzleloading shotguns must have a shoulder stock and a barrel. The length of the barrel must be at least eighteen inches.

"Private land" means those lands that are not state-owned, where hunting for game birds occurs.

"Public highway" means any roadway that is under the jurisdiction of the Hawaii state department of transportation or any of the counties. Access roads on public hunting areas that are maintained by the department of land and natural resources are not considered to be public highways.

"Public hunting area" means those lands designated by the board as public hunting areas where the public may hunt game birds, including:

- (1) Game management areas;
- (2) Forest reserves and surrendered lands;
- (3) Natural area reserves;
- (4) Restricted watersheds;
- (5) Cooperative game management areas;
- (6) Military training areas;
- (7) Unencumbered state lands;
- (8) Designated sanctuaries; and
- (9) Other lands designated by the board.

"Safety zone" means an area within or adjacent to a public hunting area, where possession or discharge of a loaded firearms or archery equipment is prohibited to prevent a hazard to people or property.

"Senior citizen" means a person who is sixty-five years of age or older.

"Youth hunter" as it pertains to specifically designated youth hunts, means a hunter who is fifteen years of age or younger, who possesses a valid State of Hawaii hunting license. Youth hunters must be accompanied by a non-hunting adult, who also possesses a valid State of Hawaii hunting license. §13-122-5 Selection of hunters. (a) The board or its authorized representative shall have the authority to limit the number of hunters and to determine eligible hunters or assign hunting dates through a random selection method.

(b) The board or its authorized representative will follow policies and procedures for the fair and equitable selection of eligible hunters including, but not limited to, the following procedures:

- (1) Random drawing;
- (2) Telephone reservations; and
- (3) Other appropriate methods.

(c) These administrative policies and procedures referenced in subsection (b)(1), (2), and (3) will be available as public information. [Eff 9/28/81; am and

§13-122-5.1 Applications, permits, tags, and stamps. (a) The department shall have the authority to require application forms for the selection of hunters. Exhibit 13, entitled "Fees for hunting licenses, wildlife stamps, applications, and tags for hunts, including special or lottery hunts" (07/2010), located at the end of this chapter and by reference made a part hereof, identifies and sets the costs for wildlife stamps, applications, and tags required for hunts, including special or lottery hunts. The department shall have the authority to determine the manner in which such wildlife stamps, permits, or tags are to be affixed, displayed, or utilized.

(b) The department shall have the authority to contract with an individual or a commercial stamp art firm to design, print, and provide said stamps to the department at no cost to the State. Further, the contracted party or firm, as consideration for providing the stamps to the department, upon approval of the board may produce and offer for sale, art prints of the selected wildlife stamp artwork and other products that display copies or replicas of that same artwork. Royalties or fees or both shall be paid to the department from such sales, which shall be deposited into the department's wildlife revolving fund.

(c) The department shall have the authority to establish specific qualifications for disabled hunters in accordance with national and state standards, and to issue special permits for disabled hunters which are consistent with existing disability definitions, rules, and statutes. Conditions of such permits may be less restrictive than conditions set for non-disabled hunters under other sections of this chapter. [Eff

yards from any paved road or building when hunting with a shotgun or archery equipment.

(g) Any other area in the State that may be designated as a safety zone or closed area by the division. [Eff and comp 11/06/99; am and comp] (Auth: HRS §183D-3) (Imp: HRS §183-4)

§13-122-11.9 Temporary closure of public hunting areas. The board or its authorized representative may temporarily close or restrict conditions for use of public hunting areas for up to six months:

- (1) In order to address threats to natural resources or to protect public safety; and
- (2) To comply with the requirements of agreements made with private landowners or lessees. [Eff and comp]
(Auth: HRS §183D-3) (Imp: HRS §183-4)

§13-122-12 Conditions and restrictions. (a) With respect to hunting licenses, permits, and check stations, the following conditions and restrictions shall apply:

- (1) Hunters shall carry their valid hunting license, as well as required permits or tags on their person at all times while in the hunting area;
- (2) Hunting permits, stamps, and tags are not transferable and are valid only for the dates indicated and for the person to whom issued;
- (3) Where there are established check stations, each hunter and hunter assistant shall check in before hunting and check out after hunting;
- (4) By signing a hunting license, stamp, tag, or permit, the person agrees to comply with all the terms and conditions of the applicable

EXHIBIT 4b

license, stamp, tag, or permit, as well as applicable laws and regulations; and consents to be subject to inspection for appropriate license, permit, stamp and/or tag, hunting equipment, and type and amount of game, by a duly authorized representative of the department; and

- (5) A person shall be issued a hunter education certificate after completion of the hunter education program and reaching at least 10 years of age.

(b) With respect to firearms and archery equipment, the following conditions and restrictions shall apply:

- (1) No person shall possess or discharge any firearm or archery equipment within any public hunting area without having a valid Hawaii state hunting license in their possession;
- (2) Legal game bird means of take include shotguns, archery equipment, and crossbows with a disabled hunting permit;
- (3) No person shall possess any arrows equipped with explosive heads or heads containing drugs or poison;
- (4) While hunting, each hunter shall be limited to carrying on their person only one legal firearm or archery device that is consistent with the hunt. However, a hunter may, when assisting another hunter, carry that hunter's unloaded firearm or archery device. In addition, each hunter is required to make their firearm or archery equipment, cartridges or muzzleloader firing components, game, and license available for inspection, upon the request of a duly authorized representative of the department. Refusal to permit said inspection shall be considered a game law violation and may result in the revocation of hunting privileges by the department, after notice and hearing;

EXHIBIT 4b

- (5) A firearm that utilizes cartridges shall be considered unloaded if no ammunition is in the chamber or an attached magazine. A muzzle loading firearm is considered unloaded if the ignition component (primer, percussion cap, or priming powder) is removed from the ignition system and for flintlocks the powder is removed from the pan, the frizzen is up and the cock (hammer) is down. "Cartridge firing" and "muzzleloading" firearms must be unloaded as described above to enter any safety zone or to transport the firearm in a vehicle within the hunting area. However, when crossing or entering a public highway or exiting a public hunting area, all cartridges and muzzleloader firing components must be removed from the firearm, including powder and projectile(s);
- (6) A bow shall be considered loaded if an arrow is nocked on the bowstring; and
- (7) Only the firearms or archery equipment authorized for the particular hunt are to be in the hunter's possession while in the hunting area.
- (c) With respect to motorized vehicles, the following conditions and restrictions shall apply:
 - (1) When required, only four-wheel drive vehicles will be permitted in public hunting areas;
 - (2) No person shall use any aircraft to herd or drive game birds, or land any aircraft for the purpose of hunting, or discharge any means of take from any aircraft into a public hunting area except as provided for by the department;
 - (3) No person shall operate any motorized vehicle (including, but not limited to motorcycles and all-terrain vehicles) in any hunting area except on roads which have been constructed, maintained, and opened for vehicular use. However, vehicles may be

EXHIBIT 4b

parked within twenty feet of maintained roads; and

- (4) No person shall have or carry any loaded firearm or loaded archery equipment on horseback, in any vehicle, boat, or any other carrier or discharge any firearm or archery device from any carrier, except for disabled hunters with a valid permit to do so. It is also illegal for any hunter to discharge any firearm or archery device into a public hunting area from outside the hunting area.

(d) With respect to safety zones and closed areas, no person shall hunt, possess a loaded firearm or archery device or discharge any firearm or archery equipment into, within or across a designated safety zone or closed area.

(e) With respect to the disposition of game, the following conditions and restrictions shall apply:

- (1) No person shall sell or attempt to sell any game bird or the carcass thereof, taken within any public hunting area;
- (2) No person shall remove any live game bird from any public hunting area at any time, except with a collection permit; and
- (3) The fully feathered head of any game bird, taken from any public hunting area, shall remain attached to the bird as evidence of sex and species while in the hunting area.

(f) The following general restrictions shall also apply:

- (1) No person shall use a dog, electronic call, or live decoys during the Spring Turkey Hunt;
- (2) With the exception of Spring Turkey Hunting or designated archery areas, no person shall hunt, serve as a guide, accompany, or assist a hunter in any hunting area, where firearms are permitted, without wearing an exterior garment (shirt, vest, jacket, or coat) made of commercially manufactured, blaze-orange material or solid blaze-orange mesh material

EXHIBIT 4b

with a maximum mesh size of one-eighth inch. (All types of camouflage orange are prohibited for these garments). When carrying game or wearing a back pack, the blaze orange on the upper torso must be visible from both front and back;

- (3) Persons found to be in violation of any provision of this chapter may have their hunting privileges revoked by the department, after notice and hearing. The department may reinstate revoked hunting privileges upon subsequent completion of a state-approved hunter education course. Any equipment, article, instrument, aircraft, vehicle, vessel, business record, or natural resource used or taken in violation of the provisions of this chapter may be seized and subject to forfeiture as provided by section 199-7 and chapter 712A, Hawaii Revised Statutes;
- (4) No person shall be in possession of an open or unsealed vessel or container of any intoxicating substance or use any such substance, while they are within a public hunting area; and
- (5) Unless prohibited, non-hunters and hunter assistants may accompany hunters in the field. Non-hunters and hunter assistants must also wear the appropriate blaze-orange outer garment and are prohibited from carrying any loaded firearm, archery equipment, or live ammunition.
- (g) The following conditions and restrictions shall apply to the use of hunting dogs:
 - (1) Dogs shall be under control at all times and physically restrained except when hunting and actively in pursuit of game; and
 - (2) The dog's owner or handler shall at all times accompany any hunting dog and the dog's owner shall be held strictly liable for all actions, injuries, or damages caused by the owner's dog.

EXHIBIT 4b

- (3) The dog shall be under voice control at all times and physically restrained in all safety zones and closed areas.
- (4) Dog identification must be on the dog at all times, including while in a public hunting area and actively in pursuit of game.
- (h) The following additional condition shall apply to game bird hunting on the island of Hawaii:
 - (1) The use of dogs shall be allowed for game bird hunting in the Kipuka Ainahou Nene Wildlife Sanctuary, except during the spring turkey season.
 - (i) The following additional condition and restriction shall apply to game bird hunting on the island of Maui:
 - (1) Hunters, staying at the Polipoli State Park on hunting days, shall indicate their overnight stay on the check-in sheet at the hunter checking station; and
 - (2) Only four-wheel drive vehicles will be permitted on the Kahakuloa Game Management Area access road.
 - (j) The following additional conditions and restrictions shall apply to game bird hunting on the island of Lanai:
 - (1) Hunter assistants are required to have a valid hunting license and a special hunter assistant certificate in their possession;
 - (2) Each hunter and hunter assistant shall check in before hunting and check out after hunting.
 - (k) The following additional conditions and restrictions shall apply to game bird hunting on the island of Kauai:
 - (1) No person, except authorized employees of the department or its lessees, shall use a motor vehicle in the Mokihana Ridge area; and
 - (2) No person shall enter the Kekaha Game Management Area, except that hunters with valid hunting licenses may enter during legal hunting days and authorized employees

SUBCHAPTER 3

FIELD TRIALS AND COMMERCIAL SHOOTING PRESERVES

§13-122-15 Field trials. (a) Any organization, which has filed the names of its officers with the board or its authorized representative and has been in operation and existence for longer than six months prior to filing of the application, may apply for a permit to hold a field trial.

(b) The application shall state the days on which the field trial is to be held, the location of the field trial, and the application shall be signed by the person or persons responsible for conducting the field trial.

(c) Upon receipt of an application, the division may issue a permit which shall contain:

- (1) The name of the agent or agents of the division who shall supervise the field trials;
- (2) The name of the organization;
- (3) The area and the dates of the field trial;
- (4) The number and sex of each species of farm-raised birds which are to be released;
- (5) An agreement to be signed by the person or persons responsible for the field trial, agreeing to defend, indemnify, and hold the State harmless from any claims, demands, or actions arising out of or related in any way to the field trials;

EXHIBIT 4b

- (6) An agreement which allows a representative of the division access to the field trial and its related activities; and
- (7) Any other terms and conditions as specified by the division.
- (d) The organization shall obtain, in an amount to be set by the division, public liability insurance to cover the organization, its members, and the State.
- (e) The organization shall release in the same area, within one month after the field trial, three times the number of unbanded birds shot in the field trial.
- (f) Any birds that are released for the field trial and not shot may be used as replacements.
- (g) The shooting of hen pheasants at field trials is permitted.
- (h) All birds released in accordance with the provisions of this section shall be banded by an agent of the division prior to release. The division or its authorized representative may waive this requirement.
- (i) All game birds to be released may be subject to spot checks by an accredited veterinarian, at state expense. If problems are found, said birds shall not be released unless cleared by the veterinarian. [Eff 9/28/81; am and comp 11/06/99; am and comp] Auth: HRS §183D-3) (Imp: HRS §§183D-3, 183D-32)

§13-122-16 Private and commercial shooting preserves. (a) Private or commercial shooting preserves may be established with the approval of the division.

(b) A written application shall be filed with the division. The application shall contain the name of the person or organization operating the shooting preserve, and the name, location, and legal description and boundaries of the preserve.

(c) The division shall issue a license only after it has been determined that the location of the shooting preserve is suitable for the purpose

EXHIBIT 4b

specified in the application and that the birds to be released will be properly banded, if required by the division. Birds to be released may be subject to spot checks by an accredited veterinarian at state expense. If problems are found, said birds shall not be released unless cleared by the veterinarian.

(d) Upon approval by the division, a license shall be issued pursuant to section 183D-34, Hawaii Revised Statutes.

(e) The licensee shall comply with the provisions of chapter 183D, Hawaii Revised Statutes, and all applicable rules.

(f) The licensee shall notify the division of the species of birds to be released and shall provide quarterly reports of the number and species of birds taken and the number of birds released as replacement stock.

(g) The shooting of hen pheasants in shooting preserves is permitted.

(h) The licensee shall replace and release three birds of the same species for every unbanded bird shot. Areas for release of replacements shall be designated by the division. Any banded birds released and not shot may be used as replacements.

(i) The licensee shall issue receipts to participants at the end of each hunting day giving the band numbers, date, and species of game birds taken. Bands shall be as specified by the division.

(j) A licensee's license may be revoked for violation of any provision of this section.

(k) The licensee shall comply with any other terms and conditions as specified by the division.
