Type of Permit(s), check all that apply:      — T&E species — Research — Collection —  
 \_\_\_ Possession

Statement of Proposed Research Activity (Attach research plans and supplementary material as necessary)

- 1) How will research results benefit management/conservation of the species? Is the proposed research important? (Include a list of species involved in the project)
- 2) Research objectives.
- 3) Specific research location(s). Attach map.
- 4) Mode of travel to research site.
- 5) Duration of research: (Please note: permits are limited to one year in length).

a. Overall

b. Dates for this request: Start date \_\_\_\_\_ End date \_\_\_\_\_

- 6) How is the research to be accomplished? Be specific and brief in listing research/survey techniques and include steps that will be taken to minimize effects on the species and the surrounding habitat.

- 7) How will research results be disseminated?

Will any specimens be collected? If yes, state kind (species and parts collected), quantities, storage methods, and ultimate disposition. Note: All vouchers will go to Bishop Museum first; to others if additional materials are available.

- 8) Have any research been conducted that are similar to the one proposed? If yes, please cite.
- 9) Who will actively participate (i.e., collect, possess, propagate) on the permit for this research? (Attach CV/Resume with related educational background and related work experiences) DOFAW require at least 1 assistant if work is being conducted on State Lands. Assistants may be required to conduct work on private property. This is determined by the private landowner.
