**Due to COVID-19, we will only allow bidders in the room for each vessel they are bidding on. Each bidder shall wear a mask and adhere to social distancing. After a vessel has been auctioned and sold, we will clear the room and allow for the next bidders to enter the room to bid on the next vessel up for auction. Any bidders that are not bidding on the current vessel shall wait outside until their vessel is up for auction.**

**Non-bidders and spectators will not be allowed in the conference room for safety reasons.**

These vessels are not being auctioned with a trailer.

These vessels are being sold "AS IS, WHERE IS". There are no guarantees or warranties. These vessels will not be sold for less than the upset price listed in the Auction Catalog. The sale of these vessels do not include a berth or storage area. Buyers must make separate arrangements for a berth.

Under "PROVISION" in the Auction Catalog where stated that "removal of the vessel within 3 days of sale" means that these vessels will have to be moved from the present site to an offshore location, private property or a site permitted by the Division within the stated number of days.

We are not responsible for the purchased vessel once a bill of sale has been issued to the successful bidder.

Relocation of the purchased vessel to another area within any State Harbor facility without a permit, except private facilities, shall subject the vessel to enforcement action. Authorization is required from any private facility prior to relocating a vessel onto private property.

No dry land storage or work area permits will be issued for these vessels. Failure to remove these vessels within the specified time period, as stated in the auction catalog, shall result in enforcement action that may include the issuance of citation (s), fine (s), or impoundment of the vessel.
