Persons requiring special assistance or services such as sign language interpreter should call (808) 587-0164 at least three business days before the meeting.

**Attachment 1 Excerpt from the Interim State of Hawaii Strategic Plan for Invasive Species Prevention, Control, Research and Public Outreach**

**Working Group on Established Pests**

**Goals: (1) Review control programs and help set priorities for the control of pests already present in the state; (2) Determine how best to control established pests with shared resources and shared responsibilities of all agencies.**

- Work with Island Invasive Species Committees and others in the detection, response and control of invasive species on each of the islands.
- Determine what species are invasive to trigger access provisions onto private lands.
- Review and update DOA's Noxious Weed List and DLNR's injurious wildlife list.
- Implement a decision making protocol for targeting species for eradication efforts.
- Identify a list of invasive species for immediate control action.
- Develop operational protocol so existing high-risk invasive species that could spread through inter- and intra-state movement are closely monitored and/or eradicated.
- Designate invasive vertebrate pests.
- Eliminate known existing invasive plant species from public projects and contracts.
- Review and revise regulations governing the introduction of biological control agents.
- Develop management plans for widespread vertebrate pests.
