I like the idea
that is organized
by districts.

If you have another option to consider, using the space on this sheet, please describe how you think the Navigation Team(s) should be best organized for Hawai'i Island.

There's something to consider w/ an island-wide scale. Can you group by fishing practice for example?
1 group coastal/intertidal
1 group nearshore/pelagic?

How do you think the Navigation Teams should be organized?

If you have another option to consider, using the space on this sheet, please describe how you think the Navigation Team(s) should be best organized for Hawai'i Island.

~~Maybe we should have a group. Maybe looking at fishing practices/traditions and their zones instead of "moku" boundaries could be helpful like S. Kona & N. Ka'ū have same practices but diff. moku~~

or even splitting moku in N.E. ex. N. Hilo & S. Hilo the fisheries/coast are very different
