Subject: Re: Resent: Kamahana Witnesses under protest of deadline and  
motion to extend

Summary and official witness list provided as receiving of original files has been reported as not received. I provide this this way as time is short according to apparent deadline. There are more than 5 as I claimed to provide at last hearing in the case of any one witness being denied:

Kimo Alama Keaulana  
Alohalani Brown  
Jimmy Medeiros  
Clarence Medeiros  
Glen Kila  
Donna Kealoha  
Palikapu Dedman  
Analu Josephides

I reserve whatever rights regulated by this process to modify, add to or clarify my witness proposals at any time.

Aloha,

I have no objection to your report that it is not coming through but am working on identifying the issue. Not sure why you are receiving or not receiving my official submissions. Let this summary substitute the originals you are having trouble receiving. The original documents and details within are available and the motions and requests are the same. I am in the process of figuring out why you are not receiving my email now and hope that if anyone can help rectify the issue they will assist. I seem to see the same indiacernable text in other party's attempts. What time is the confirmed deadline?

If not possible before apparent deadline, than I assert the following motions, actions and summaries as my primary submittal. The following requests supplement the actual final drafts you are unable to receive currently, and request that the following statements be officially accepted formally:

1) A motion to support all motions to extend deadline based on failure of the honorable proceeding's officer to fulfill the promised deadline of confirmation to the former pre-

hearing's verbal notification of the due date and followup re: written notification and clarification of deadlines and requirements. Parties objecting claim the verbal pre-hearing statements, unclarified and unconfirmed, should serve as the confirmation of deadline. Yet we see the failure to meet verbally promised deadline for service of confirmation and clarification blatantly disproves that frivolous generalization.

2) I assert my own motion to extend the deadline of 7/18 based on the above and more evidence that I reserve the right to provide if needed. Parties claiming this motion as a tactic fail to provide evidence for claims of stalling tactics being used. If this process will take sweeping, factless, generalizations as evidence I respectfully submit that the tactic being used by opponents is to suggest the false idea that enough time had been given. As a new party I have proof that this claim is false.

3) Here is my witness list. I plan to submit witness requests as needed in the future as afforded by the regulations of this proceeding and the discretionary power, of any afforded the honorable Amano.

Thank you for your attention to these matters. I have the original motions and items available for further clarification. The items listed above are summaries of the documents and requests themselves. I submit this and ask it be accepted and recognized.
