Comes now J. Leina'ala Sleightholm and hereby joins Harry Fergustrom's Motion to oppose PUEO's motion to set the issues.

In order to have a meaningful hearing, the issues should not be limited to only HAR 13-5-30, the 8 criteria. These criteria, although significant, is only a portion of the information necessary in making an informed and educated decision. To limit the issues to only the 8 criteria would cause the hearing to be unbalanced, and the information incomplete and lacking when making a decision regarding this permit.

Cultural practice, religious practice, and environmental issues all play very large roles in this case. Limiting the issues would be a gross injustice to the contested case process, and to the HO and her right to have thorough and complete information to base any decision on.

At this time I humbly ask that PUEO's motion be denied.
