Second Demand for an Answer to document 454 (Demand)

This is a second demand for an answer to Document 454 (demand for a written answer as to why Williamson Chang was not able to testify), as well as a (demand for Documents proving that the State of Hawaii “owns and has title” to the summit of Mauna Kea).

Memorandum of Support

Document 454 was submitted and docketed back on January 31, 2017. We are presently at document 494 (as of March 7, 2017). Over the month of February as well as our final day of evidentiary hearing have repeatedly raised the question of when an answer was coming. This hearing officer had told me twice

this document would be answered by the end of the hearings. The evidentiary hearing have concluded as of Thursday March 2, 2017. Document 454 is still unanswered and is vital to complete information necessary for an appeal.

I have been patient considering that the denial of Williamson Chang happened on January 23, 2017. May I also remind this hearing officer, that the only witness that was denied during this entire 44 days of evidentiary hearing was Williamson Chang, the second witness for Harry Fergerstrom.

COS is attached.
