A. Recycling, Reuse, Diversion Program

EXP: \$110,969.00

REV: \$110,969.00

Partnering and collaborating with US Department of Environmental Management and the County of Hawaii, these funds were used to development models for renewable resource management. This project's goal is the development of innovative solutions for collecting, treating, and recycling products. As a follow-up to a conference held in the previous fiscal year to bring expertise to Hawaii Island with a goal of adopting a Zero Waste Management Plan for Hawaii County, additional work was done with several large agricultural operations on Hawaii Island to identify opportunities to divert organics from the waste stream and excluding such materials from being transferred to solid waste transfer stations and landfills.

B. Thirty Meter Telescope (TMT) Program

EXP: \$153,522.00

REV: \$200,757.00

Collaborating and coordinating with California Institute of Technology TMT Observatory Corporation, these funds were used for

1. Public outreach and education including numerous public information, stakeholder and focus group meetings in an effort to provide accurate information while simultaneously securing information from a broad cross section of stakeholders and residents to ensure that community interests, concerns, and expectations are integrated into both short and long-term objectives of TMT.
2. Presentations in K-12 classrooms in collaboration with teachers in support of Science, Technology, Engineering and Mathematics (STEM) related studies, including support of Science and Engineering Fair.
3. Presentations to Community College and University STEM classes.
4. Planning and implementation of an Energy Roundtable to discuss energy needs, challenges and opportunities for integrating renewable energy into TMT operations.
5. Planning and implementation of a Workforce Development Program Roundtable with representatives from education (K-12 and post-secondary), County, State and Federal labor divisions (the latter including Veterans Administration), and others to identify workforce needs, appropriate curricula including technical training to ensure a qualified workforce to fill both short and long-term workforce needs.
6. Established an Advisory Board to develop and recommend a framework and structure for administration and distribution of a community benefits program.
