

STATE OF HAWAII
**DEPARTMENT OF LAND AND
NATURAL RESOURCES**

CONGRESS PATHWAYS

***Subject:** This is an informal daily guide covering the forum events that attendees can utilize to ensure an efficient and productive congress.*

While topic driven, each “Pathway” does give some preference to forum events that may benefit Hawaii communities, interests, goals, education, and current practices. Not all Hawaii related or Hawaii sponsored events have been included.

Dates: SEPTEMBER 2 – 5, 2016

INTENDED AUDIENCE FOR THIS GUIDE:

- ***STATE EMPLOYEES ATTENDING THE CONGRESS FORUM EVENTS;***
- ***HAWAII CITIZENS ATTENDING THE CONGRESS FORUM EVENTS;***
- ***NEW CONGRESS PARTICIPANTS, OR STUDENTS.***

CONGRESS PATHWAYS

Instructions:

CONGRESS PATHWAYS are designed to provide a daily schedule for congress attendees ***during the forum events only*** (September 2-5, 2016). The primary audiences for the Pathways are: State of Hawaii Employees, New Congress Participants, General Public attending the congress, and Students attending the congress.

Each “Pathway” follows a generalized topic that is in line with the five (5) main pillars of the World Conservation Congress in Hawaii: 1) *Climate Change*, 2) *Wildlife Conservation*, 3) *Aquatic Conservation*, 4) *People and Conservation*, and 5) *Terrestrial Conservation*.

HOW TO USE THIS GUIDE:

- Pick a “Pathway” topic (i.e., climate change or aquatic conservation);
- Use pathway guide to the forum events that relate to the topic chosen – follow schedule provided;
- Pathways are arranged in order, by time, with the forum event title, location, and time listed – a link to each forum event webpage is also included;

PLEASE NOTE:

- Some events, such as Conservation Campus events, may overlap with the daily schedule – these are marked typically in **RED**. Attendees should be aware if you chose to attend an 8-hr Conservation Campus; there will be no time for other events that day;
- Some time slots (e.g., 1430pm) may include multiple events. This was done to provide attendees a choice if the one topic is of no interest, or the forum event is fully booked. (Please note that Knowledge Cafes have limited seating available);
- This guide is presented only as a reference – please note that not all forum events related to a specific topic have been included in the Pathways;
- This guide is intended as a reference only, and should not be used for any other purpose than to assist attendees during the forum event portion of the World Conservation Congress.
- The State of Hawaii and the Department of Land and Natural Resources does not support or promote any one entity, topic, or event over another.

Forum events with a focus on: Climate Change, Adaptation, Community Resilience, Coastal Communities and other related topics.

(Climate change)

Forum events with a focus on: Fauna, Species Conservation, Invasive Species, Animals and Wildlife, and other similar topics.

(Wildlife Conservation)

Forum events with a focus on: Aquatic Management and Conservation, Ocean Conservation, Fisheries, Water Use, and other similar topics.

(Aquatic Conservation)

Forum events with a focus on: Indigenous and Traditional Knowledge, Engaging Communities, Social Policy, Environmental Justice, Youth and Gender, and other related topics.

(People and Conservation)

Forum events with a focus on: Floral/Forest Species, Terrestrial Conservation, Agriculture, Land Planning and other related topics.

(Terrestrial Conservation)
