Dear Mr. Cain,

Sea Engineering, Inc. (SEI) is pleased to inform you that the small-scale beach nourishment efforts for Kona Village Resort with approved SSBN application (HA-23-01) will start on May 25, 2023. Per the conditions specified within the approved SSBN application, a Right of Entry (ROE) permit has been approved by the Hawai'i Branch Land Division. SEI will forward the permit to OCCL once issued and received. Work is expected to be completed by June 1, 2023. A notification letter will be sent to your office once work is completed.

As per the Monitoring and Assessment plan (Appendix F of the SSBN Application), a post completion report with pre- and post-nourishment site survey information will be submitted to your office within 30 days of completing the project:

Should you have any questions or require additional information, please contact me by telephone at (808) 460-3443, or by email at [gtumino@seaengineering.com](mailto:gtumino@seaengineering.com).

With appreciation,

Giannicola Tumino Di Costanzo
