William Haole: Question have been asked before in meetings

Why not meeting monthly – meetings are called when compelling reasons to do so –

Kawaiaha'o – waiting for decisions from various agencies –
 We should follow kanaka way –
 Depending on State agencies, lean on [indecipherable] use and directions of state agencies
 Monthly meetings – last meeting – erosion mitigation
 Descendants said in last meeting in [indecipherable] only in moepu –
 Go forward with mitigation issuing
 William Haole – Pane
 No need monthly meetings if nothing to report
 Archaeological reports sent out
 Flying people over is \$\$
 When significant reasons for consultation
 4th since erosion mitigation portion of AIS
 8 consultation meetings previous/prior
 Jan. 15 – Lei [sic; should be Lani] Ma'a Lapilio – Next consultation meeting
 Complete AIS report
 5 Volumes, 2300 – available for descendants review
 How to understand and give input to
 AIS – then Burial Treatment Plan
 Aulii – is there some way family can meet outside Church but –
 Lei [sic, Lani] – hiki me meet every other month?
 William H – met one on one with families
 Met with archivist – answered questions
 Met with Akau family separately
 Met with Kaonohi [sic, Kaanohi] Kaleikini
 Will not be shevled [sic] down
 Accused of things we are not doing
 Aulii – needs inclusivity – when can family visit?
 William – Kanoe Cazimero – last consultation invited L&C – to curation room
 She was – screamed at in the room of iwi kupuna she became ill
 William H was called – to kokua parameters – were assigned
 You cannot discuss hewa while in the room with iwi
 Church sets protocols – what is respectful
 Try to do process legally and correctly according to the law
 AIS with mitigation for Erosion
 Complete end of December
 March 17 – St. Patricks Day
 Perhaps backlog 6-9 month
 Moepu – placed with iwi and wrapped – lepo too
 Documented – photographed and recorded.
 BTP – discussed – needed AIS completed –
 Aulii – lack of communication between KK and Church
 William H – lepo moved from property – soil was screened – had to be moved
 2 years court decision
 Lepo – was already screened
 William said contractor [sic] removed lepo -> storage -> lepo was repurposed – no record of
 where lepo went – it was repurposed
 William H – “We are certain it was screened”
 What Where – who gave contractor permission to use the dirt
 William H – Lepo used somewhere else another project –
 KK – Legal issues – who gave permission?

BTP – when can counsel [sic] estimated timeline for BTP meeting 1 for BTP – in Jan 15, 2019.

No plan is ready – this is first meeting of BTP – largely dependent on what Church hears on Jan 15th

1 week after – OIBC (Jan. 9th)

Hina – situation avail Burial Council process (Do not want to have further kaumaha)

BSS – look into a special meeting with OIBC/Kawaiaha'o Ohana

Hina

Descendants – we would like a special meeting with counsel [sic] (OIBC), Descendants, Church?

KK – pain – knowing iwi – ripped out of graves

William Haole – if want input must come to OIBC get recognition

Too much kaumaha emotion at sanctuary – pan [sic] is felt.

Hina – facilitate meeting at OHA

Community advocacy

David – 503 – formula <= 488 – How many partial remains? How many whole

Backo ohana – 11 yrs ago family is gone.

Archivist asked photo evidence of picture they have. What was there 2007?

Pre 2007 – inventory of markers – needs picture of marker, of names
