Aloha Andrew & other Members of the Burial Council:

I agree with John Blumer-Buell, especially since living in Hamoa Village, I can attest to the fact that we, nor other neighbors we've spoken to, did not receive any kind of notice that this will be happening. If it weren't for someone who received something by email, we wouldn't have known because the beach is past our hale & you can imagine how often we go past our hale, not very much at all.

I sent a letter to Kahele expressing our concerns & Shane Sinenci wrote to SHPD & possibly the Burial Council. Thus far, I only received an answer from Kahele, including the plans & some regs.

What I want to add to my letter is that we're lineal descendants also. We are descendants of Paele, Kaihe, Kaili, Keawe & Nahuina aka Nakuina. My family and I would like to see that you stop this leach field/septic project, until at least further communication, like John Blumer-Buell said, is had with the Hamoa, Haneo'o, Moka'e aka Mo'okai community.

Mahalo,
Mavis Oliveira-Medeiros,
descendant
