Gentlemen:

I would like to request that the Hart Wood Residence, 2512 Manoa Road, Honolulu HI, be accepted as a State of Hawaii Historic Home.

This was the residence of Hart Wood, noted Honolulu architect. He was my grandfather, and I have many memories of happy hours spent there as a child.

When the house was sold (about 1952-53), the property was subdivided and other structures added, but until that time it was the home of architect Hart Wood and his family.

Very truly yours,

Joan Wood Fleming
