Re: Support for Nomination of Ewa Field

Aloha,

I am a recent resident of Ewa and I fully support the nomination of Ewa Field. When I moved here, I knew nothing of the abandoned airfield where I walk rescue dogs daily over the bullet-riddled concrete air field and down the blacktop runway. Fortunately, new friends and my 92 year old neighbor who has a great memory, have been able to tell me about Barber's Point, the Ewa Field, and Ewa Village.

I strongly support this nomination for two reasons: (1) so that others can learn our rich history, and we will not forget the day that our community became a battlefield, and (2) because the area is in dire need of open, park-like space.

Thank you for your consideration.

Aloha,

Karen Luke
