Other Pearl Harbor historic battlefield sites have become National Historic Landmarks and part of the World War II Valor in the Pacific National Monument. It is only fair that Ewa Battlefield and the Ewa Community also receive this same due historic recognition and commemorative honor as have other Pearl Harbor battle sites.

Sincerely,

*I was present and witness of the Japanese fighter strafing Ewa Field
my home was about 500yds away from the landing gate
of the field. I am a WWII veteran, MIS, CIC in Japan.
