

Aloha Hawaii Places Review Board,

We apologize that this letter is past the due date and hope you will still accept our letter of support. Docomomo US, Hawaii Chapter would like to express their support of the Waimalu Shopping Center nomination to the Hawaii Register of Historic Places. With its cantilevered arches and unique screens, this shopping center is one of the best examples of the exuberance expressed in Mid-Century Modern architecture as Hawaii's population and buildings exploded post-Statehood.

Furthermore, it is a rare owner that appreciates their Mid-Century modern buildings and hope this nomination will be a great example for other owners.

Thank you very much for considering this letter of support.

Aloha,
Tonia Moy
President
