Criterion: C

Level of Significance: Local

Vote: 5-0; All in favor, motion carries.

Comments: In response to Bill Chapman comment that Criterion A could be more widely cited in nominations and that it be further explored, Jessica Puff noted that SHPD is not opposed to inclusion of Criterion A or any other criterion as long as it is fully contextualized within the nomination and meets the National Park Service requirement for inclusion of the Criterion.

Trisha Watson noted that applicants are responsible for making any changes requested by SHPD or NPS before the nomination is submitted to the National Register.

Jessica Puff requested the board include a recommendation for the level of significance: State, Local, or National, for each nomination, since this is often missing from the form. This information should also be clearly stated in any motion, along with the recommended Criterion and the recommendation to the National Register.
