5	KSHCP Section 6.6.1.2b, ITP Section M.ii. (N.ii), ITL Section II.I.2.	Summarize any proposed changes to the facility with the potential to affect the Covered Species.						
		There were no changes to either facility with the potential to affect Covered Species.						
6	KSHCP Section 6.6.1.2c, ITP Section M.iii (N.iii), ITL Section II.I.3.	Check here if additional space is needed and continue on Addendum Sheet.						
		Identify any changes to facility management/ownership or other key personnel involved in the KSHCP.						
		NCL retained Dr. Adrian Gall (ABR, Inc.) in July 2023 to serve as the company's seabird biologist. Dr. Gall visited the Pride of America with DOFAW and USFWS prior to seabird fallout season to inspect lighting and returned in September to provide training to the Environmental Officer. Dr. Gall and ABR staff supported the Environmental Officers with remote training and data management throughout the seabird season and assisted with the preparation of downed seabird reports and KSHCP annual reports. New Environmental Officers were aboard each vessel during seabird season 2023 (see individual vessels' Base Forms).						

7	KSHCP Section 6.6.1.2d, ITP Section M.iv (N.iv), ITL Section II.I.4.	Describe any requested changes to minimization efforts conducted at the facility and the reasons for the requested change.	NCL does not request changes to minimization efforts for either vessel. NCL's vessel Pride of America was the focus of NCL's PIP but the permit also provides instruction for additional vessels including the Norwegian Spirit. NCL adhered to the compliance activities set forth in NCL's PIP including conducting staff seabird training, performing downed bird searches, following KSHCP protocol for downed seabirds, and performing guest outreach.	
8	KSHCP Section 6.6.1.2e.i, ITP	<input type="checkbox"/> Check here if additional space is needed and continue on addendum sheet. <b>Provide map or description of search route(s) used for conducting searches.</b> <input type="checkbox"/> Check here if map(s) attached or linked. <b>Link:</b> <input checked="" type="checkbox"/> Check here if map(s) not attached and explain at right.	<input type="checkbox"/> There is no prescribed search route for the vessels. The ships are searched continually by staff and guests.	
9	KSHCP Section 6.6.1.2.e.ii, ITP Section M.v.2 (N.v.2), ITL Section II.I.5.b.	Describe the frequency and timing of searches conducted at this facility:	During the seabird fledging season, seabird monitoring was continuous, and coverage was 100% on each vessel.	
10	KSHCP Section 6.6.1.2.e.iii, ITP Section M.v.3 (N.v.3), ITL Section II.I.5.c.	Describe the personnel involved in search efforts at this facility:	Each vessel's Environmental Officer is responsible for overseeing implementation of seabird protocols, bird searches and recovery, record keeping, reporting, and interacting with rehabilitation personnel (SOS, DOFAW, HWC). All crew members are responsible for searching their respective duty stations for downed seabirds during working hours. Additional key personnel included the Senior Pest Control Officer, and approximately 600 crew members were aboard each vessel. Guests were requested to notify reception in the event of a downed bird sighting aboard the vessel.	
11	KSHCP Section 6.6.1.2.e.iv, ITP Section M.v.4 (N.v.4), ITL Section II.I.5.d.	<input type="checkbox"/> Check here if additional space is needed and continue on addendum sheet. <b>On the worksheet provided, complete the Summary Table of search efforts for all downed birds and honu nests found.</b>		N/A
12	KSHCP Section 6.6.1.1	Provide a copy each Downed Wildlife Incident Documentation and Reporting Form submitted for this facility.		
13	KSHCP Section 6.6.1.2.e.v, ITP Section M.v.5 (N.v.5), ITL Section II.I.5.e.	<input checked="" type="checkbox"/> Check here if any reports are attached or linked <b>Link:</b> <a href="http://seafire.abrinc.com/d/7fb13f816eb6477181b1/">http://seafire.abrinc.com/d/7fb13f816eb6477181b1/</a> <b>Provide a discussion of the efficacy of the current self-monitoring protocols and adaptive management and whether adjustments need to be made. Describe any proposed adjustments</b>	NCL does not propose any adjustments to its self-monitoring protocol aboard either vessel. Search coverage continues to be 100% during the seabird fledging season. There were no changes or unforeseen circumstances that triggered adaptive management changes to minimization measures, per the KSHCP Sections 6.9, 6.11, and 6.12.	
14	KSHCP Section 6.6.1.2.f, ITP Section M.vi (N.vi), ITL Section II.I.6.	<input type="checkbox"/> Check here if additional space is needed and continue on addendum sheet. <b>Provide a summary discussion of the results and efficacy of on-site animal control efforts and adaptive management.</b>	Not applicable on seagoing vessels.	
15	KSHCP Section 6.6.1.2.g, ITP Section M.vii (N.vii), ITL Section II.I.7.	<input type="checkbox"/> Check here if additional space is needed and continue on addendum sheet. <b>On the worksheets provided, provide a summary of worker training efforts and outreach efforts.</b>		

16	KSHCP Section 6.6.1.2.h, ITP Section M.viii (N.viii), ITL Section II.I.8.	Describe any other relevant information that the wildlife agencies may require to verify compliance with the permit issued.	NCL incorporated suggestions from the seabird biologist and updated their Freestyle guest newsletter to include a request for guests to close their stateroom blinds to reduce light pollution and to remind them not to touch any downed birds found on board the vessel. The ship's hotel staff closes cabin draperies each afternoon as part of the turn-down service and when cabins are cleaned.

- 23 ITP Section M (N)/ITL Section II.I **If applicable, identify any problems that occurred and how they were handled.**

The Division of Forestry and Wildlife (DOFAW) has given instructions to NCL on protocols for downed birds recovered on Maui that contradict permit requirements. The federal permit and license require NCL to comply with the KSHCP (see ITP Condition F, and ITL Condition B). Section 5.3.4.2 of the KSHCP requires that "KSHCP Participants must submit downed seabirds to an appropriately permitted rehabilitation facility..." There are only two permitted rehabilitation facilities in Hawaii: Save our Shearwaters (SOS) and Hawaii Wildlife Center (HWC). When NCL vessels are in Nawiliwili, Kauai, all downed birds are submitted to SOS. When NCL vessels are in other Hawaii ports, birds are submitted to HWC. In October 2023, DOFAW instructed NCL that when NCL vessels are in Kahului Maui, birds should not be delivered to Hawaii Wildlife Center, and instead should be delivered to persons and entities who do not hold rehabilitation permits. Since this instruction contradicts the requirements of the ITP and ITL, a meeting between NCL representatives, DOFAW and USFWS was held on November 15, 2023. NCL requested during the meeting that the agencies agree upon a protocol for birds that need to be submitted in Kahului, Maui and, if that protocol changes the terms of the KSHCP, that the KSHCP be amended. NCL understands that the agencies are still evaluating this issue.

KSHCP Section 6.6.1.2.e.ii,  
ITP Section M.v.2 (N.v.2),  
ITL Section II.I.5.b.

Describe the frequency and timing of searches conducted at this  
facility:

During the seabird fledging season, seabird monitoring was continuous throughout each 24  
hour period, and coverage was 100% while the vessel was in Hawaiian waters.

10	KSHCP Section 6.6.1.2.e.iii, ITP Section M.v.3 (N.v.3), ITL Section II.I.5.c.	<b>Describe the personnel involved in search efforts at this facility:</b>	The vessel's Environmental Officer is responsible for overseeing implementation of seabird protocols, bird searches and recovery, record keeping, reporting, and interaction with rehabilitation personnel (SOS, DOFAW, HWC). All crew members are responsible for searching their respective duty stations for downed seabirds during working hours. Additional key personnel included the Senior Pest Control Officer, and approximately 600 crew members were aboard the vessel. Guests were requested to notify reception in the event of a downed bird sighting aboard the vessel.

13	KSHCP Section 6.6.1.2.e.v, ITP Section M.v.5 (N.v.5), ITL Section II.I.5.e.	<b>Provide a discussion of the efficacy of the current self-monitoring protocols and adaptive management and whether adjustments need to be made. Describe any proposed adjustments</b>	Environmental officers recovered one Hawaiian Petrel and one Newell's Shearwater from the Pride of America. Both birds were transferred to rehabilitation facilities and were later released to the wild. NCL does not propose any adjustments to its self-monitoring protocol aboard the Norwegian Spirit. Search coverage continues to be 100% while the vessel operates in Hawaiian waters during the seabird fledging season. There were no changes or unforeseen circumstances that triggered adaptive management changes to minimization measures, per the KSHCP Sections 6.9, 6.11, and 6.12.

One Wedge-tailed Shearwater landed in a pool on the aft deck and was allowed to leave on its own, rather than being recovered. Upon receiving instructions from the agencies, the second Wedge-tailed Shearwater that landed in the pool on the following day was recovered and delivered to a rehabilitation facility. Any birds found downed in the NCL vessels' pools in the future will be recovered by the Environmental Officer and delivered to a permitted rehabilitation facility per KSHCP Section 5.3.4.2.

Hawaiian Name: 'A'o  
English Name: Newell's Shearwater

Scientific Name: *Puffinus newelli*

Federal Status: Threatened

State Status: Threatened

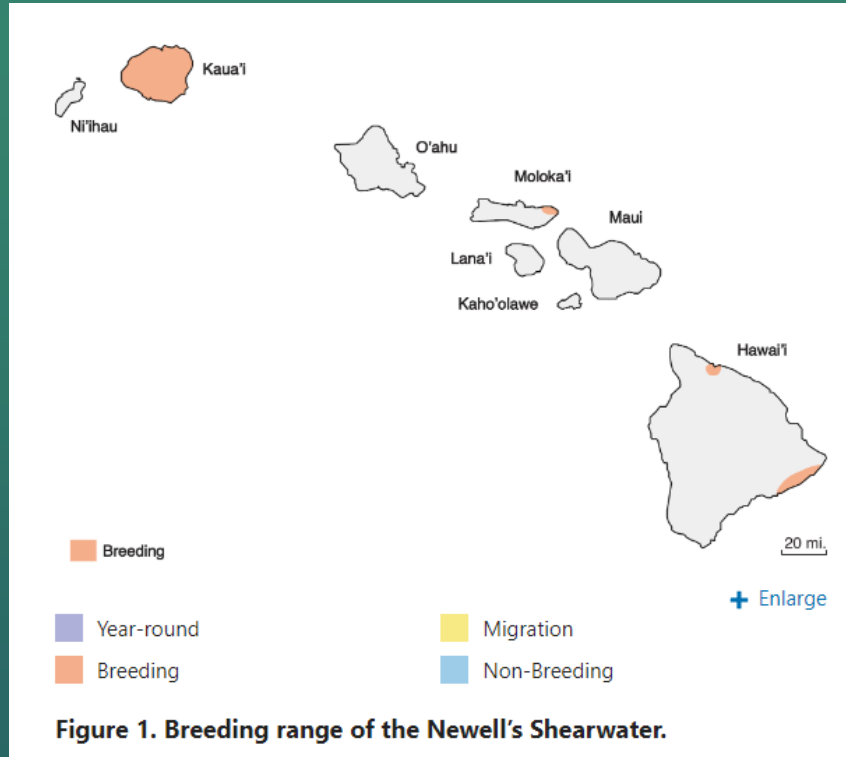

IUCN Red List: Critically Endangered

- Thought extinct in 1900s, rediscovered in 1967
- Populations on Kaua'i declined by 78% during 1993–2017
- Historically widespread, now restricted to breeding primarily on Kaua'i

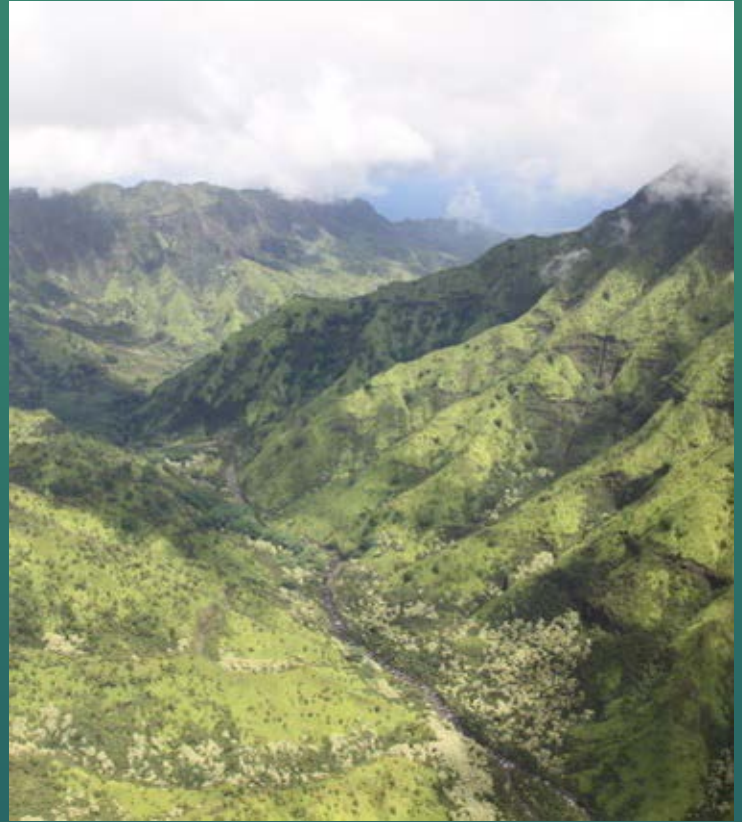

# Distribution of Newell's Shearwaters

- Nest in burrows under dense vegetation on steep slopes
- Access the colony only when the sun is below the horizon
- Call is described as a donkey braying
- Apparent monogamy and high nest-site fidelity

**Hawaiian Name: 'Ua'u**  
**English Name: Hawaiian Petrel**

Scientific Name: *Pterodroma sandwichensis*

Federal Status: Endangered

State Status: Endangered

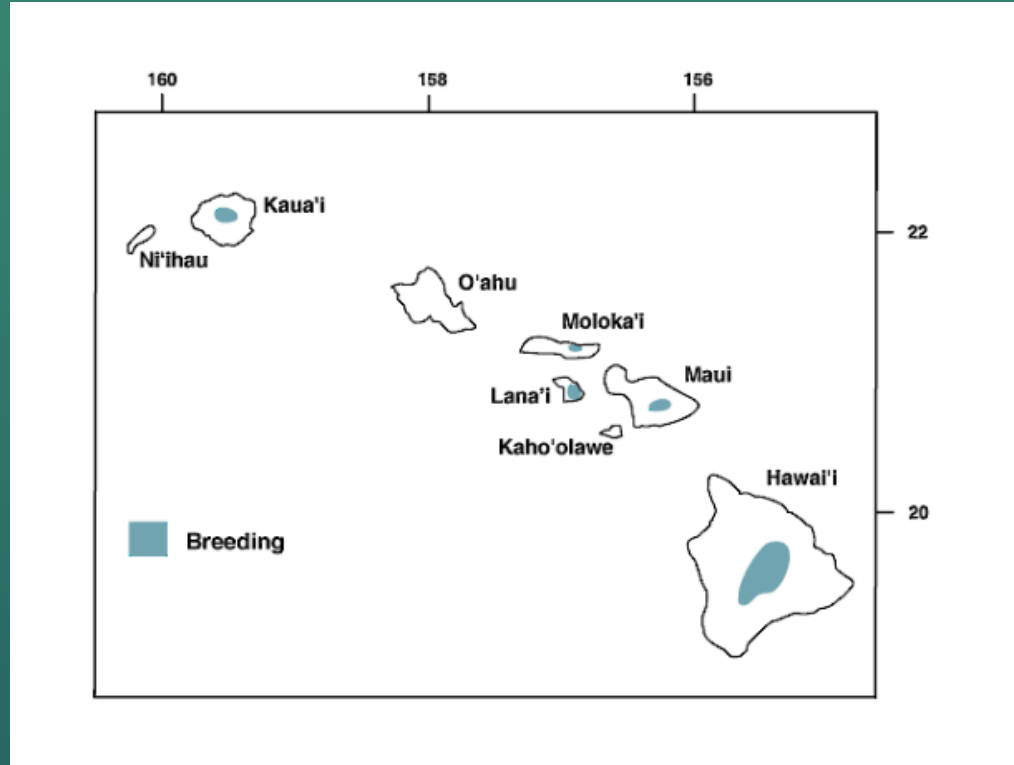

IUCN Red List: Endangered

- ~450-650 breeding pairs
- 7,500-16,600 individuals
- Populations on Kaua'i declined by 78% during 1993-2017
- Population on Maui stable or increasing
- Restricted to breeding at high elevation on Hawai'i, Maui, Kaua'i, Lana'i, and Moloka'i

Andre Raine, KESRP

# Distribution of Hawaiian Petrels

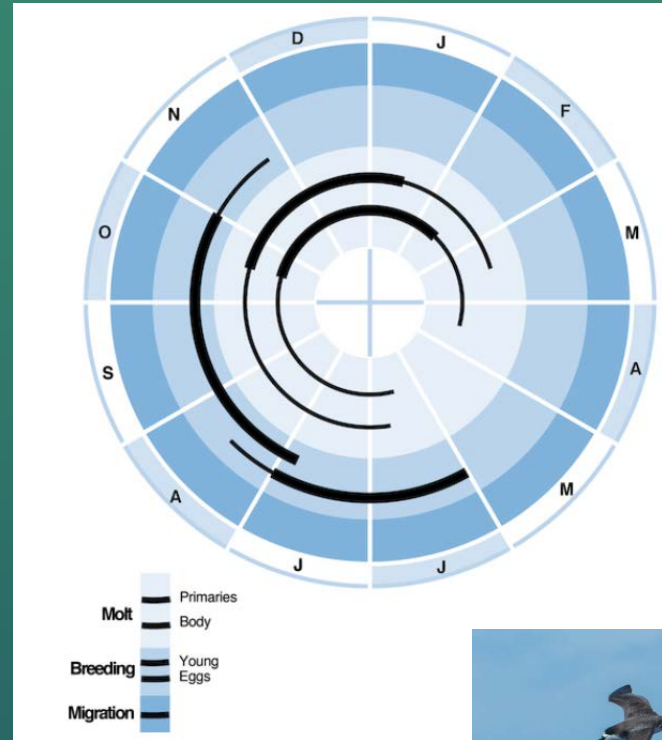

- Nest in burrows in the pāhoehoe lava at the summit of Haleakala
- Also found beneath dense vegetation on steep slopes
- Access the colony only when the sun is below the horizon
- Call is described as α'-uuuuu-α'-uu-α'-uu-α'
- Apparent monogamy and high nest-site fidelity

Simons, T. R. and C. N. Bailey (2020). Hawaiian Petrel (*Pterodroma sandwichensis*), version 1.0. In *Birds of the World* (A. F. Poole and F. B. Gill, Editors). Cornell Lab of Ornithology, Ithaca, NY, USA.  
<https://doi.org/10.2173/bow.hawpet1.01>

# PHENOLOGY

- Return to colony in late February
- Lay eggs late April and early May
- Hatch early July
- Fledge 8–30 October
- Birds remain at sea November to February

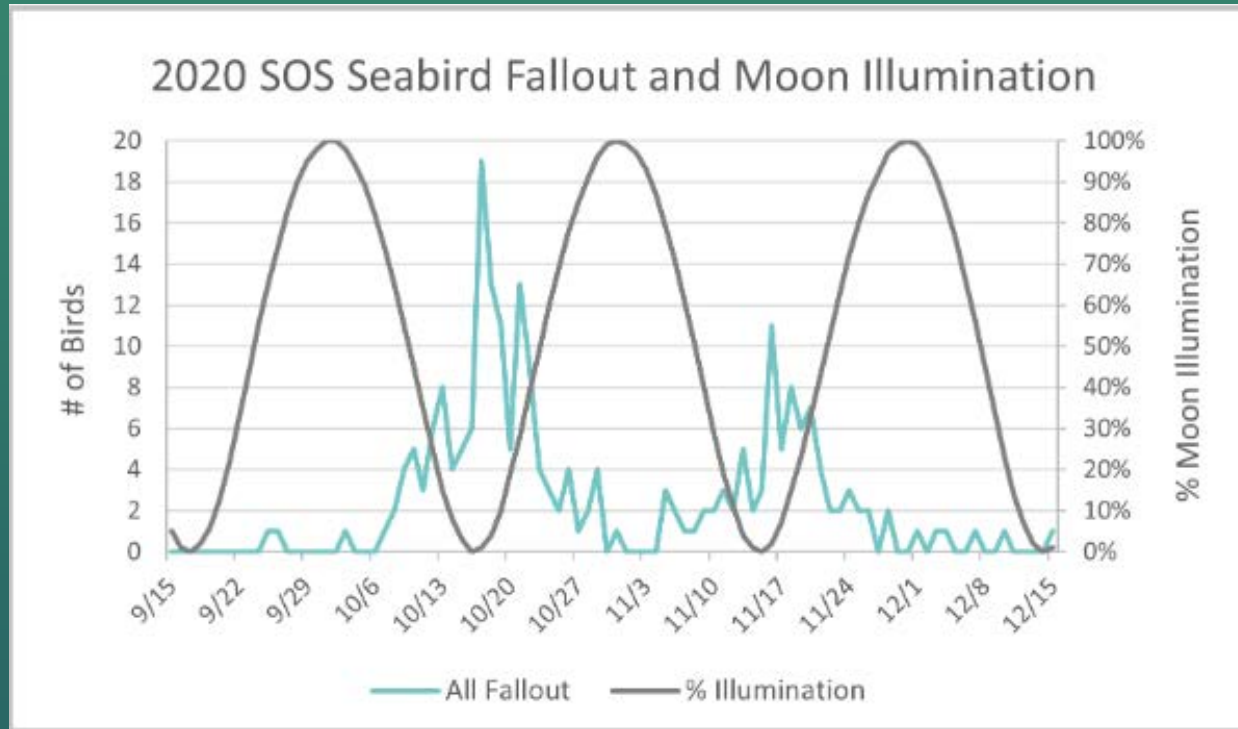

# Why do seabirds fall out?

- Seabirds use moonlight and stars for navigation
- Fledgling (*keiki*) birds on their way to sea for the first time are attracted to lights and can be confused by them
- Adult birds can also be attracted to lights
- Confused birds may collide with structures, or land on the ground too tired to continue flying

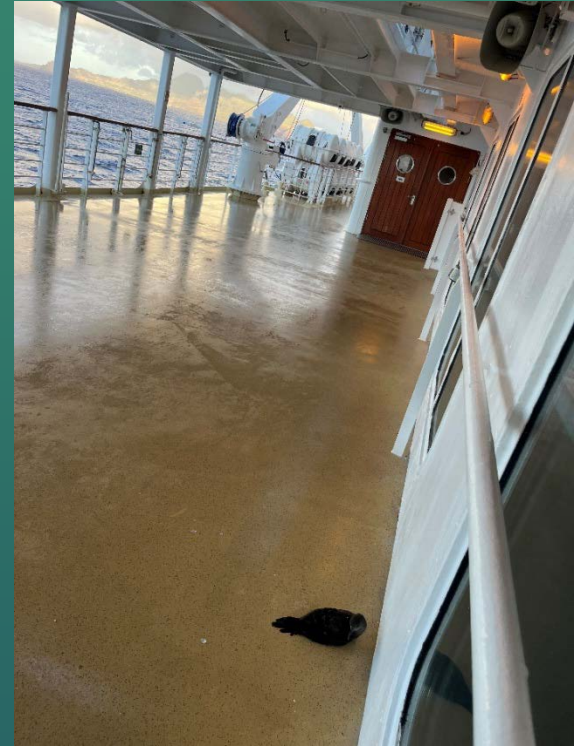

# Why do seabirds fall out?

# And then what happens?

- Once on the ground they have trouble taking off again
- May die from starvation, collisions, or predation
- Almost 90% of rescued birds can be returned to the wild

# Regulatory Protections

## Federal

- The Endangered Species Act of 1973, as amended (ESA)
- Migratory Bird Treaty Act (MBTA)

## State of Hawai'i

- Hawaii Revised Statutes (Chapter 195-D)

### IT IS ILLEGAL TO:

“harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct” any species listed under any of these statutes

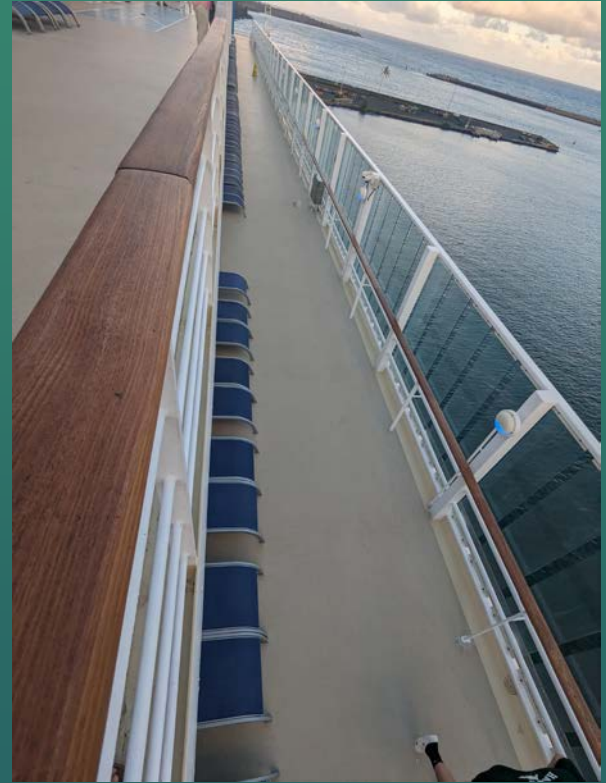

# Purpose of Training

- Seabirds may “fall out” on the ships any time, and especially 15 September thru 15 December
- NCL is committed to the protection of these species
- There are legal consequences if these protocols are not followed

# HOW TO SEARCH

- Walk slowly and carefully, head on a swivel
- Listen carefully
- Check under deck chairs, against walls, in corners
- Mindful of concrete or mechanical blind ends
- New moons (15 Sep, 14 Oct, 12 Nov, 12 Dec)

# GEAR LIST - SEARCH

- Handheld flashlight
- Cell phone (camera, GPS)
- Clipboard with data sheets
- Pens and markers
- Extra batteries
- Extra flashlight or a headlamp

# GEAR LIST - FIND

- Pet carrier
- Clean towels and cloths to assist with handling birds
- Gallon ziplock bags
- Rubber or latex gloves
- Eye protection
- Hand sanitizer

# DATA SHEETS

- Facility map
- Daily search log
- Downed wildlife protocol
- Downed wildlife reporting form

## WAKE UP TO ADVENTURE

Enjoy the beauty and all the island of Kaua'i has to offer on a glorious day to explore. From beaches, kayaking adventures, hiking exploration and the outstanding sights of Waimea Canyon - this island has adventure for all. Don't be afraid to dive deep into the adventure with snorkeling - head to Poipu or Hanalei Bay. For a more relaxed approach try the local coffee, or chocolate farms. Come back to the ship with plenty of time to relax poolside, enjoy live music, play games and so much more.

**TIP OF THE DAY:** More than 90 percent of the native plants and animals living in Hawai'i are found nowhere else on earth. Be sure to take lots of photos since you won't see them anywhere else.

## PRIDE OF AMERICA HIGHLIGHTS

### BIRDS ONBOARD

From September - December, Hawaii's protected seabirds; fledglings will be taking flight into Open Ocean. As a precautionary measure, Pride of America will be reducing its lighting on its open decks, to prevent the birds from flying into the vessel and sustaining any injuries. NCLH is committed to making every effort to ensure that Hawaii's wildlife and environment are protected and cared for. Should you find an injured bird please call our Reception desk tel #00.

### NOMINATE YOUR VACATION HERO

If someone went above and beyond to make sure you enjoyed the vacation of a lifetime, we want to hear about it. Whomever you nominate will be recognized and rewarded in an audience of their peers. Feel Free to fill out a Vacation Hero card or 'Dear Dustin' letter from, Deck 5, Mid.

### CRUISING TOWARDS A SUSTAINABLE FUTURE

To help reduce plastic waste in our oceans, Norwegian has eliminated the use of plastic straws on board and will no longer serve beverages with straws. Plastic waste, including millions of plastic straws, is harmful to marine wildlife like sea turtles and whales. Norwegian is working to preserve our oceans for future generations through our Sail & Sustain program. Help us create a sustainable future for our oceans and skip the straw with your next beverage.

### STAY HEALTHY

Please wash your hands frequently, especially after using the restrooms. Please sanitize your hands before any meals. In addition, sanitizing dispensers are located outside all restaurants and public areas. If you have a gastrointestinal issue, please report this immediately, dial 711 and remain in your stateroom.

### POOL & HOT TUB HEALTH NOTICE

In accordance with U.S. Public Health requirements, children in diapers, pull-ups and swimmers and/or who are not toilet trained are not permitted to be in any pool or hot tub aboard.

### DON'T FORGET

Take home the best souvenir - your photos. Explore options & take advantage of great deals. Get to the Photo Gallery Deck 5, Fwd for last call.

**Time:** 9:00a-10:00p, Photo Gallery, Deck 5, Fwd

For women: dresses/skirts, slacks or presentable jeans, and tops. Kids 12 and under are welcome to wear nice shorts in all dining venues.

**VIDEO ARCADE:** All guests' keycards including children's can be used in the video arcade. We kindly ask that parents monitor their children's charges.

**SAFETY:** It is imperative for guests to wash their hands after using the restroom and we strongly encourage frequent use of the ship's public hand sanitizers, especially before any meals and upon returning to the ship from ashore.

**In-cabin phone rate:** Call home from the comfort of your stateroom. Rate \$4.99/min.

Smoking Policy Onboard: Smoking in public areas including electronic cigarettes is permitted only at Waikiki Bar on the starboard side, Deck 13 Aft. Smoking of any kind is prohibited in staterooms, balconies, near venues serving food, outdoor sporting venues and children's pool areas. **Liquor Law - Consumption of Alcohol:** You must be 21 years of age to consume alcohol. It is illegal to serve, purchase, or provide alcohol to a minor. You must present a government-issued photo I.D. upon request. All bars require that guests must be 21. **Safety Information:** Remember that you are on a moving ship, to avoid injury, keep hands/fingers clear of doors and/or door frames. Please take special care when walking around the ship. Use handrails and wear appropriate footwear as necessary. Also please be aware of raised thresholds and wet decks. Running on decks is prohibited (except the Jogging track). Open flames (candles/incense) are strictly prohibited. Observe safety signs in your stateroom and throughout the ship. For more information please tune into our safety channel, Channel 24. **Safety Equipment:** Please do not remove or meddle with any safety equipment onboard (such as smoke detectors, life vests or fire extinguishers). Please follow all safety instructions from the crew. All guests are reminded to maintain a high level of vigilance and to take appropriate steps to increase their security and safety awareness when departing the vessel in all ports. The discharge of all garbage into the sea is prohibited. The International Convention for the Prevention of Pollution from Ships (MARPOL) and various domestic laws prohibits the discharge of garbage from ships into the sea. Violation of these requirements may result in penalties. All garbage is to be retained on board and placed in the bins provided. Guests who use needles or other sharps for injections are to pick up a sharps container from either the medical center or the Front Desk. Never discard sharps with other wastes. Sharps containers are provided free of charge and must be returned at the end of the cruise. **Environmental Hotline:** You can report environmental incidents by calling 1-877-501-5976; the ship reception desk at 00, or via email to. The environmental hotline should be used only to report actual or potential environmental incidents, spills and concerns. All reports are confidential.

## **BIRDS ON BOARD**

From September – December, Hawaii's protected seabird fledglings will be taking flight into the open ocean. As a precautionary measure, we will be reducing lighting on our open decks to prevent the birds from flying into the vessel and sustaining any injuries. We ask you to help the birds by closing the blinds in your stateroom to prevent light from shining out. NCLH is committed to making every effort to ensure that Hawaii's wildlife and environment are protected and cared for. Should you find a bird on board, please do not touch the bird and contact the nearest crew member or Guest Services desk at #00.

## SAY HELLO TO KAHULUI, MAUI

The island Kahului, city, Maui county, on the northern coast of Maui island, Hawaii, U.S. Situated on Kahului Bay, it lies 2 miles (3 km) east of Wailuku. Beginning in the late 19th century, the area became a center for sugar and pineapple production. Until the 1950s Kahului had a small, transitory population. The Hawaiian Commercial and Sugar Company then sponsored a large planning project, and modern business and residential sectors were developed. With an area of 728 square miles (1,886 square km), the island is the second largest of the Hawaiian chain (after Hawaii island); it is also the second youngest of the Hawaiian Islands.

**TIP OF THE DAY:** There's always something to be thankful for. Happy Thanksgiving!

### MOVIE: OCEAN'S 11 (PG-13)

Dapper Danny Ocean (George Clooney) is a man of action. Less than 24 hours into his parole from a New Jersey penitentiary, the wry, charismatic thief is already rolling out his next plan. Following three rules: Don't hurt anybody, don't steal from anyone who doesn't deserve it, and play the game like you've got nothing to lose. Danny orchestrates the most sophisticated, elaborate casino heist in history. (1h 56m)
