REMARKS:

Background:
The Board at its meeting of May 8, 2015, under agenda item E-2, approved as amended the cancellation of a revocable permit issued to Moana Parking Management, LLC, and authorized the issuance of a revocable permit to Pro Park Inc., for parking lot operation purposes at the Diamond Head State Monument.

Subsequently, a revocable permit under SP0543 was issued to Pro Park Inc., on a month-to-month basis for the purpose of operating, maintaining and managing a parking lot and collecting applicable entrance fees at Diamond Head State Monument.

The revocable permit to Pro Park Inc. will expire on July 15, 2016 and the Applicant has expressed a desire to continue his business on the property with a month-to-month revocable permit for a period of six (6) month or until a new lease is awarded through the Invitation For Bid (IFB) process. As a result of the continued use of the property, the effective date for the continuation of Revocable Permit SP0543 for a period of six (6) months will be continuous with the existing permit for SP0543.

State Parks is seeking a long term competitive process to rebid the entrance fee collection and parking management, requests that the Board authorize approval to issue an Invitation For Bid (IFB). In the meantime, State Parks request that the Board approve the continuation of the existing revocable permit to Pro Park Inc. for an additional six (6) months until the IFB is prepared for solicitation and further recommends the Board delegate to the Chairperson the authority to negotiate any other specific terms or additional time necessary to effectuate the revocable permit.

The Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions. No comments were solicited from other government or community agencies; however, upon approval for the continuation of the revocable permit for an additional six (6) months, the applicant would need to be in compliance to all county, state and federal laws and ordinances pertaining to this permit.

State is recommending that the Board approve the continuation of the revocable permit to Pro Park Inc. for an additional six (6) months for the purpose of the collecting entrance fees and parking management at Diamond Head State Monument until an IFB is ready to be processed for solicitation and awarded to the highest bidder.
RECOMMENDATION: That the Board:

PUBLIC AUCTION:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environmental and is therefore exempt from the preparation of an environmental assessment.

2. Authorize the sale of a lease at public auction covering the subject area for the operating, maintaining and managing a parking lot and collecting applicable parking and entrance fees purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

   a. The standard terms and conditions of the most current business, commercial or industrial general lease form, as may be amended from time to time;

   b. Review and approval by the Department of the Attorney General; and

   c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

REVOCABLE PERMIT:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Authorize the continuation/extension of the existing Revocable Permit SP0543 to Pro Park Inc., for six (6) months, covering the subject area for operating, maintaining and managing a parking lot and collecting applicable parking and entrance fees purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

   a. The standard terms and conditions of the most current revocable permit form, as may be amended from time-to-time;

   b. Monthly rental shall be Ninety Percent (90%) of gross receipts from vehicle and pedestrian entrance revenue per month, being a continuation of the current Revocable Permit SP0543 previous permit rent pending sale of lease at public auction;

   d. Review and approval by the Department of the Attorney General; and

   e. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

3. Authorize the Chairperson to negotiate any other specific terms necessary to effectuate the revocable permit.
BLNR – Continuation of RP to Pro Park Inc.
And Approval to Award thru Bid (IFB) Process

Respectfully Submitted,

Suzanne D. Case, Chairperson
EXMPTION NOTIFICATION

Regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Sale of Lease at Public Auction and Continuation of a revocable permit to Pro Park, Inc. for parking lot operation purposes pending public auction at Diamond Head Monument State Park.

Project / Reference No.: PSF SP0543

Project Location: Kapahulu, Waikiki, Honolulu, Oahu, TMK: (1) 3-1-042:006 (por).

Project Description: Continuation of a revocable permit to Pro Park, Inc. for parking lot operation purposes pending public auction at Diamond Head Monument State Park.

Chapter 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with Hawaii Administrative Rule Section 11-200-8 and the Exemption List for the Department of Land and Natural Resources approved by the Environmental Council and dated June 5, 2015, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, Item 47 that states, “Leases of state land involving negligible or no expansion of change of use beyond that previously existing,” and item 51 that state “permits, licenses, registrations, and rights-of-entry issued by the Department that are routine in nature, involving negligible impacts beyond that previously existing,” respectively.

SP0543 was issued to Pro Park Inc., on a month-to-month basis on July 15, 2015 and will expire on July 15, 2016. The Applicant, Pro Park, Inc., is requesting a Continuation of the existing permit for six (6) months for the Purpose of operating, maintaining and managing a parking lot and collecting applicable parking and entrance fees for the park.

The continuation of the revocable permit to Pro Park, Inc. would allow the property to be occupied until such time that Division of State Parks is prepared to issue a new lease by public auction through the IFB bid process.

As such staff believes that the proposed event would involve negligible or no expansion or change in use of the subject area beyond that previously existing.
Consulted Parties: Not applicable.

Recommendation: It is recommended that the Board of Land and Natural Resources find that this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.

Suzanne D. Case, Chairperson
