Amend Prior Board Action of November 14, 2014, Item D-2, Request for Grant of Term, Non-Exclusive Easement to David G., Jorgensen and Annette Thatcher Jorgensen, Trustees of the David and Annette Jorgensen Revocable Trust for Seawall Purposes, por. of Kukuiula, Koloa, Kauai, Tax Map Key: (4) 2-6-012:seaward of 001.

The Amendment is to delete legal reference HRS 171 Section 53(b) and insert legal reference HRS 171 Section 53(c).

BACKGROUND:

On November 14, 2014, under agenda item D-2, the Board authorized the issuance of a term, non-exclusive easement for encroachment of three portions of the pre-existing seawall along the property’s makai boundary. A copy of the approved submittal is attached as Exhibit A.

At the time of the shoreline certification survey, it was believed that the encroachments were not placed on state submerged land. Department of Accounting and General Services - Copy of Survey Furnished (CSF) Map No. 25, 413 showed that it was indeed submerged land. Copy of CSF Map is attached as Exhibit B.

REMARKS:

After determination that the state lands were submerged, as required by Section 171-53 (c), HRS, the Board of Land and Natural Resources (“Board”) may lease submerged lands “with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution”.

Senate Concurrent Resolution 19 was drafted and went thru the legislative process. S.C.R. No. 19, S.D. 1 was passed and approved on April 26, 2016, is attached as Exhibit C.
RECOMMENDATION: That the Board:

1. Amend its prior Board action of November 14, 2014, under agenda item D-2 by deleting Section 53(b) Hawaii Revised Statutes and replace with Section 53(c), Hawaii Revised Status. This change authorizes the Board to lease State submerged lands.

2. All terms and conditions listed in its November 14, 2014 approval to remain the same.

Marvin Mikasa
District Land Agent

In accordance with Hawaii Administrative Rule Sections 11-200-8(a)(1) & (4) and the Exemption List for the Department of Land and Natural Resources approved by the Environmental Council and dated December 4, 1991, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, that states "Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing" and Class No. 4, that states "Minor alteration in the conditions of land, water, or vegetation." See Exhibit B.

DCCA VERIFICATION:

Not applicable. The Applicant as a landowner is not required to register with DCCA.
APPLICANT REQUIREMENTS:

Applicant shall be required to:

1) Pay for an appraisal to determine initial one-time payment;

REMARKS:

The Jorgensens recently acquired and are the owners of parcel situated at Kukuiula, Koloa, Kauai, identified by Tax Map Key: (4) 2-6-012:001. They desire to do some renovations to the existing residence on the property, which require a current shoreline certification as part of their application to the County of Kauai for a building permit. In having the property surveyed for the shoreline certification, it was determined that the upper wash of the reaches of the waves reach up to a portion of pre-existing seawall along the property's makai boundary at three locations. See Exhibit C.

The Office of Conservation and Coastal Lands requires that the applicants obtain an easement before applying for a shoreline certification.

Land Division considers the portions of seawall makai of the proposed shoreline to be located on unencumbered land, owned by the State, notwithstanding that the subject structure once was within the recorded boundary of the parcel on private land. Therefore, the portions of the seawall located makai of the shoreline are now considered encroachments on State unencumbered land. The applicants want to resolve the encroachment and request the Board authorize the issuance of a term, non-exclusive easement. A disposition is required to resolve the encroachment on State land.

Pursuant to the Board's action of June 28, 2002, under agenda item D-17, which established criteria for imposing fines for encroachments, a fine of $500 is to be imposed if the encroachment is over 100 square feet. Nevertheless, staff does not recommend any fines for the subject encroachment based on the fact that it was once within the recorded boundary of the private property. However, staff recommends the Board assess the administrative cost of
$500 for staff time incurred in resolving this matter, under Section 171-6, HRS.

Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the last 5 (five) years due to non-compliance with such terms and conditions.

Staff does not recommend imposing a fine, pursuant to Section 171-6(12) of the Hawaii Revised Statutes, for the seawall encroachment constructed without prior consent by the State.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Assess administrative cost of $500.00, under Section 171-6, HRS.

3. Subject to the Applicant fulfilling all of the Applicant requirements listed above, authorize the issuance of a term, non-exclusive easement to David G. Jorgensen and Annette Thatcher Jorgensen, Trustees of the David and Annette Jorgensen Revocable Trust covering the subject area for seawall purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

   A. The standard terms and conditions of the most current term shoreline encroachment easement document form, as may be amended from time to time;

   B. The easement shall run with the land and shall inure to the benefit of the real property described as Tax Map Key: (4) 2-6-012:001, provided however: (1) it is specifically understood and agreed that the easement shall immediately cease to run with the land upon the expiration or other termination or abandonment of the easement; and (2) if and when the easement is sold, assigned, conveyed, or otherwise transferred, the Grantee shall notify the Grantor of such transaction in writing, and shall notify Grantee's successors or assigns of the insurance requirement in writing, separate and apart from the easement document;

   C. Review and approval by the Department of the Attorney General; and

   D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
E. Any shoreline hardening policy that may be adopted by the Board prior to execution of the grant of easement.
