CHAPTER 343, HRS – ENVIRONMENTAL ASSESSMENT:

Pursuant to Section 11-200-8(a), Environmental Impact Statement Rules of the Department of Health, State of Hawaiʻi, this disposition is exempt from requirements regarding preparation of an environmental assessment, negative declaration, or environmental impact statement as required by Chapter 343, Hawaiʻi Revised Statutes, as amended, relating to Environmental Impact Statements, because the proposed action falls within Exemption Class #1, Comprehensive Exemption List for the State of Hawaiʻi, Department of Transportation, dated November 15, 2000, as approved by the Environmental Quality Council. Exemption Class #1 covers operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features involving negligible or no expansion or change of use beyond that previously existing.

REMARKS:

In accordance with Section 171-14, -16, -17, -41 and other applicable sections of Chapter 171, HRS, as amended, relating generally to Management and Disposition of Public Lands and relating specifically to Disposition by notice of public auction, the Department of Transportation (DOT) proposes to issue a hangar facility lease through notice of public auction for the purpose of developing, constructing, operating, maintaining and repairing a hangar and related facilities at MUE. The DOT has determined that the issuance of this lease through notice of public auction encourages competition and is essential to the aeronautical and airport-related industries at MUE.

RECOMMENDATION:

That the Board authorize the DOT to issue a hangar facility lease through notice of public auction, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; (2) such terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State; and (3) review and approval by the Department of the Attorney General as to the lease form and content.

Respectfully submitted,

FORD N. FUCHIGAMI
Director of Transportation
