CHAPTER 343 - ENVIRONMENTAL ASSESSMENT:

In accordance with Hawaii Administrative Rule Sections 11-200-8 and the Exemption List for the Department of Land and Natural Resources approved by the Environmental Council and dated June 5, 2015, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, that states "Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing." See **Exhibit B**.

DCCA VERIFICATION:

Not applicable. The Applicant as landowner is not required to register with DCCA.

APPLICANT REQUIREMENTS: Applicant shall be required to:

1. Provide survey maps and descriptions according to State DAGS standards and at Applicants' own cost;
2. Pay for an appraisal to determine one-time payment; and
3. Obtain concurrent resolution from the Legislature pursuant to 171-53 (c), HRS.

REMARKS:

In October 1972, Mr. Muller purchased the property with the pier already constructed. Thereafter, at its meeting on August 12, 1977, the Board authorized the issuance of a Revocable Permit (RP) to Mr. Muller for the subject pier. Since then, Mr. Muller has been the permittee under RP S-5408.

Pursuant to the review of the Statewide RP program undertaken by the Task Force appointed by the Chairperson, it is the consensus that the RPs should be replaced with long term disposition. Otherwise, the RP can be terminated by a 30-day notice provided in the permit.

Recently, staff sent a letter to Mr. Muller inquiring whether he is interested in converting the monthly revocable permit to a term easement for the same purposes. Staff discussed the situation with Mr. Muller, who expressed an interest in the conversion mentioned above. However, Mr. Muller initially expressed his disinterest in paying the cost of the appraisal used to determine the value of the submerged land area. Pursuant to HRS 171-17(b)(2)¹, Applicant is required to pay the cost of the appraisal. Mr. Muller understands that he will need to pay all costs to move forward. The alternative would be the cancellation of the RP and the removal of the pier.

Upon approval of today's request, Applicant will be reminded of the requirement for concurrent resolution from both houses of the legislature under Sect. 171-53(c), HRS prior to the issuance of the requested easement.

The Office of Conservation and Coastal Lands, the Department of Facility Maintenance, and the Board of Water Supply has no objections.

The Department of Planning and Permitting and the Office of Hawaiian Affairs did not respond to the request for comments.

Also, staff requests the Board authorize the termination of RP 5408 upon issuance of the easement.

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

¹ §171-17 (b)(2), HRS states in part: "A disinterested appraiser or appraisers whose service shall be contracted for by the board,.....shall be at the cost of the purchaser;"

2. Assess a non-refundable administrative cost of \$500, under Section 171-6, HRS.
3. Authorize the subject request to be applicable in the event of a change in the ownership of the abutting parcel described as Tax Map Key: (1) 4-1-001:011, provided the succeeding owner has not had a lease, permit, easement or other disposition of State lands terminated within the last five (5) years due to non-compliance with such terms and conditions.
4. Subject to the Applicant fulfilling all of the Applicant requirements listed above, authorize the issuance of a term, non-exclusive easement to C. Michael Muller, Trustee of the C. Michael Muller Trust dated November 21, 1989, covering the subject area for pier purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - A. The standard terms and conditions of the most current term shoreline encroachment easement document form, as may be amended from time to time;
 - B. The easement shall run with the land and shall inure to the benefit of the real property described as Tax Map Key: (1) 4-1-001:011, provided however: (1) it is specifically understood and agreed that the easement shall immediately cease to run with the land upon the expiration or other termination or abandonment of the easement; and (2) if and when the easement is sold, assigned, conveyed, or otherwise transferred, the Grantee shall notify the Grantor of such transaction in writing, and shall notify Grantee's successors or assigns of the insurance requirement in writing, separate and apart from the easement document;
 - C. Approval by the Governor and concurrence from the Legislature pursuant to 171-53 (c), HRS;
 - D. Review and approval by the Department of the Attorney General;
 - E. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State; and
 - F. Any shoreline hardening policy that may be adopted by the Board prior to execution of the grant of easement.

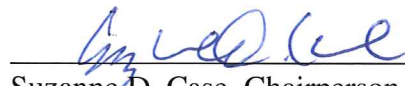

5. Termination of Revocable Permit No. 5408 upon the issuance of the requested easement.

Respectfully Submitted,

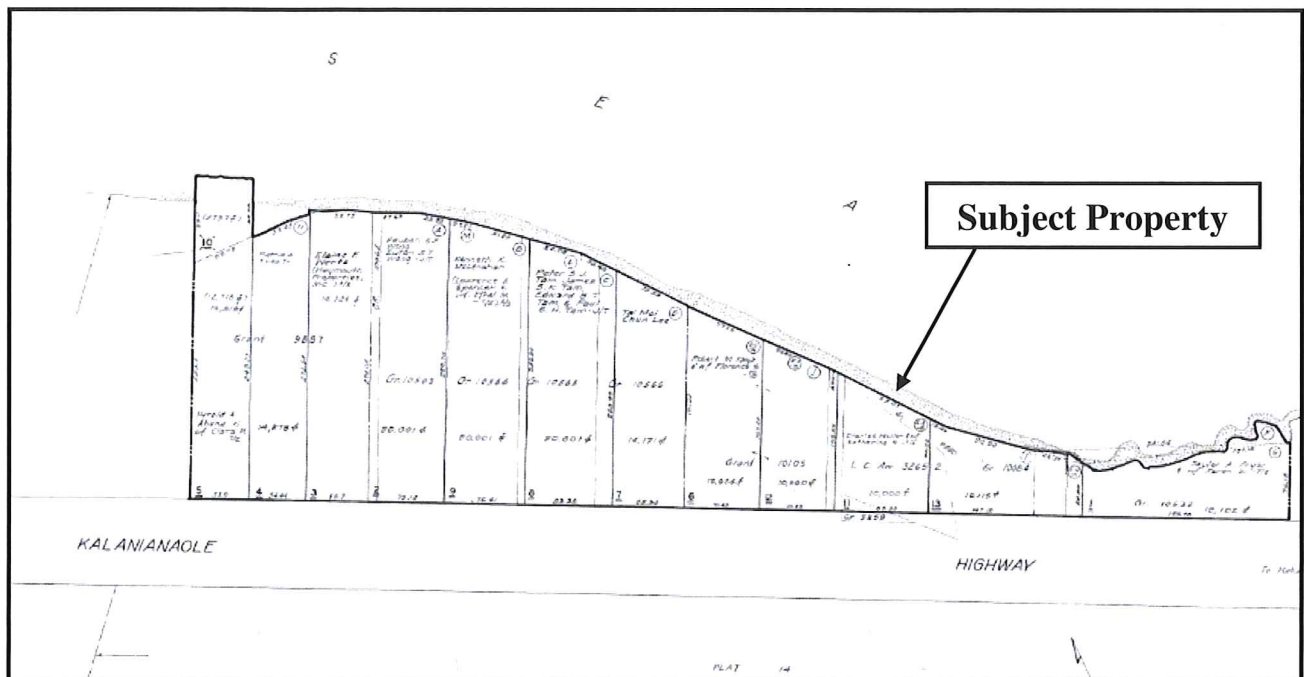

Calen Miyahara
District Land Agent

EXEMPTION NOTIFICATION

Regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Issuance of Term, Non-Exclusive Easement for Pier Purposes

Project / Reference No.: PSF 16OD-155

Project Location: Waimanalo, Koolau-poko, Oahu, TMK (1) 4-1-001:seaward of 011.

Project Description: Issuance of term, non-exclusive easement for pier purposes.

Chap. 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with Hawaii Administrative Rule Section 11-200-8(a)(1) and (4), the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, that states "Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing"/

The request is triggered by the change in tenure of the disposition for the same improvement. The owner is not planning to have any new improvement to the subject area. As such, staff believes that the request would involve negligible or no expansion or change in use of the subject area beyond that previously existing.

Consulted Parties: Agencies notes in the submittal.

Recommendation: It is recommended that the Board find that this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.
