BACKGROUND

At its meeting on July 10, 2015, under Item D-3, the Board approved the sale of an old government road remnant to Robinson Family Partners at Makaweli, Waimea, Kauai.

At its meeting on November 13, 2015, under Item D-1, the Board amended its prior board action to include the issuance of a right-of-entry permit to Robinson Family Partners for site visit and survey purposes. Please see Exhibit "1", which is the submittal for Item D-1 of the November 13, 2015 meeting. Attached to this submittal as Exhibit "A" is the submittal for Item D-3 of the July 10, 2015 meeting.

Attached as Exhibit "2" is a map showing the subject road remnant, which is adjoined by TMK no. (4) 1-7-005:006 (Parcel 6) on the northern side and TMK no. (4) 1-7-005:001 (Parcel 1) on the southern side. Both parcels are owned by Robinson Family Partners.

REMARKS

The consideration for the sale of the remnant to Robinson Family Partners is a one-time lump sum payment of fair market value to be determined by independent or staff appraiser, subject to review and approval by the Chairperson. Pursuant to section 171-52(d), HRS, staff procured the services of an independent appraiser. Section 171-52(d) states as follows:

d) Appraisal. The value of the remnant or portion thereof shall be appraised by an independent appraiser, which appraisal shall take into consideration the limited market for the remnant and the resulting enhancement to an abutting owner's property by the addition of the remnant. The value of a remnant or portion thereof which is surplus to state highway requirements and is in the inventory of such surplus remnants as of December 31, 1981, may be appraised by an employee of the State qualified to appraise lands.

The independent appraiser procured by the department concluded the one-time payment of fair market value to be \$80,300.

Robinson Family Partners disagreed with the department's fair market value and hired their own appraiser who concluded the fair market value to be \$6,000.

The wide discrepancy was due to the differences in the appraisal methodologies used by the appraisers.

The July 10, 2015 submittal said that the road remnant would be consolidated with Parcel 6. Parcel 6 is a long, narrow piece of land about 20 feet wide and consists of 3.130 acres. Parcel 1, on which the resort will be developed, consists

of 166.026 acres. Staff and the department's appraiser were under the impression that Parcel 6, after consolidation with the remnant road, would subsequently be consolidated with Parcel 1 to benefit the resort. The end result would give the planned resort at least two entrances from Kaumualii Highway to the resort as well as allow landscaping. Staff believes that this interpretation was reflected in the submittals to the Board.

Robinson Family Partners took the position that for the purposes of the remnant sale, the subject road remnant was to be consolidated with Parcel 6, so the appraisal should take into account only Parcel 6 and not Parcel 1.

Mediation occurred on November 22, 2016. Appraiser Esther Price, MAI, was the mediator. Robinson Family Partners was represented by Jennifer Whitmore, President of Gay & Robinson, Inc., and Eric A. James, Esq. The department was represented by Russell Tsuji, Land Division Administrator, Pamela Matsukawa, Appraisal and Real Estate Specialist, and David Day, Deputy Attorney General.

During the mediation it was brought to the department representatives' attention that prior to this remnant sale, there was a written agreement signed by the State Department of Transportation's (DOT) property management section head and the chairman of the management committee of Robinson Family Partners, which addressed the sale of the old government road at Makaweli, Waimea, Kauai, containing 8.44 acres (see attached Exhibit "3"), which is larger than the subject remnant of 3.130 acres. The agreement was apparently signed before the DOT ascertained that the Board had jurisdiction over the sale of the remnant road. The offer made by the DOT was \$12,500 for the value of the property plus the costs of services for a total of \$14,000 for the subject remnant parcel and various other remnants totaling 8.44 acres. It is unclear whether section head's offer was made after obtaining a valuation from a licensed appraiser authorized to practice in the State of Hawaii, but was apparently made without first obtaining Land Board approval to sell the remnant parcels. In any event, the Department of Transportation later took the position it had no authority to sell the subject remnant, and the Robinson Family Partners then approached the Department and inquired about purchasing the subject remnant that abuts Parcel 1 and Parcel 6.

The Robinson Family Partners' representatives also informed the department's representatives that Parcel 1 did in fact have access to Kaumualii Highway even without the remnant, so the remnant was not required for Parcel 1's access to the highway.

Mediation took the entire day. After some time, the parties discussed with the mediator the possibility of having both appraisers provide further appraisal services using agreed upon parameters. However, the revisions would likely have resulted in further mediation for the parties. Therefore, numbers were proposed to see if the parties could agree on a value that would avoid further appraisal and mediation costs and the costs of arbitration. Very late in the afternoon the parties

finally agreed upon \$37,500, subject to approval of the Board. Please see the mediated settlement agreement attached as Exhibit "4". This was a compromise that the department's representatives felt was reasonable given the representation that access to the highway for Parcel 1 (the resort parcel) was not dependent on the acquisition of the remnant by Robinson Family Partners; given the DOT's low value placed on the road remnant (although we have no idea what considerations led to this value); given the limited utility of the road remnant to anyone other than the adjoining landowner; and in consideration of avoiding further appraisal and mediation costs and the costs of arbitration.

RECOMMENDATION: Staff recommends that the mediated market value of the subject old government road remnant of **\$37,500** be approved.

Amend Prior Board Action of July 10, 2015, Item D-3, Sale of Old Government Road Remnant to Robinson Family Partners, por. of Makaweli, Waimea, Kauai, Tax Map Key: (4) 1-7-005:por. 001. The purpose of the amendment is to include the issuance of a right-of-entry permit to Robinson Family Partners, its consultants, contractors, and persons acting on its behalf, for site visit and survey purposes.

BACKGROUND:

At its meeting on July 10, 2015, under Item D-3, the board approved the sale of old government road remnant to Robinson Family Partners, por. of Makaweli, Waimea, Kauai. See Exhibit A.

As part of the applicant requirements, an appraisal is required to determine the one-time fair market value for the remnant. Since this process is taking longer than anticipated, applicant is requesting an immediate right-of-entry permit to conduct surveys on the remnant.

Applicant, its consultants and contractors would like to conduct a preliminary site visit and survey of the remnant. This will assist them in drafting a landscaping plan for entry points and a buffer zone between the current Kaumualii Highway and the proposed Kapalawai Resort, which will ultimately incorporate this remnant parcel. The right-of-entry permit will not allow any construction or site work on the remnant.

REMARKS:

Prior Board approval did not include a right-of-entry permit. Staff recommends an immediate right-of-entry permit over subject parcel for site visit and survey purposes, which will expire upon execution of sale of remnant parcel to Robinson Family Partners. No construction or site work will be permitted under the right-of-entry.

RECOMMENDATION: That the Board:

- I. Amend its prior Board action of July 10, 2015, under agenda item D-3, by adding a new paragraph 5 at the end of the Recommendation section:
 5. Authorize the issuance of an immediate right-of-entry permit to the Robinson Family Partners, its consultants, contractors and persons acting on its behalf, covering the subject lands under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - a. The Standard terms and conditions of the most current right-of-entry permit form, as may be amended from time to time;
 - b. Right-of-entry permit will expire upon execution of sale of remnant parcel to Robinson Family Partners; and
 - c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
- II. All terms and conditions listed in its July 10, 2015 approval to remain the same.

CONSIDERATION:

One-time lump sum payment of fair market value to be determined by independent or staff appraiser, subject to review and approval by the Chairperson.

CHAPTER 343 - ENVIRONMENTAL ASSESSMENT:

Not applicable. Subject lands are to be conveyed to abutting landowner(s) and will become privately owned land at that point.

DCCA VERIFICATION:

Place of business registration confirmed: YES
Registered business name confirmed: YES
Applicant in good standing confirmed: YES

APPLICANT REQUIREMENTS:

Applicant shall be required to:

- 1) Pay for an appraisal to determine the one-time payment of fair market value for the remnant and;
- 2) Consolidate the remnant with the Applicant's abutting property through the County subdivision process; and
- 3) Provide survey maps and descriptions according to State DAGS standards and at Applicant's own cost.

REMARKS:

Pursuant to section 171-52, HRS, a remnant is defined as "a parcel of land economically or physically unsuitable or undesirable for development or utilization as a separate unit by reason of location, size, shape, or other characteristics." The subject parcel has been determined to be a remnant by this definition for the following reasons:

- 1) The parcel is a discontinued portion of an old government road.

Applicant in late 2012 applied to Department of Transportation, Highways Division (DOT-Highways), to purchase the road remnant assuming it was part of the old Kaumualii Highway before the highway was realigned.

On March 15, 2013, DOT-Highways wrote to the applicant explaining that a certificate of search was completed by DOT-Highways showing that the old government road remnant was acquired for the State of Hawaii through the Admissions Act. DOT-Highways determined that the remnant belongs to Department of Land and Natural Resources.¹ See Exhibits B & C.

Applicant is the owner of parcel (4) 1-7-005:006 (Parcel 6) as staff has confirmed by County of Kauai Real Property Tax Assessment website. Other abutting property to the subject remnant parcel includes parcel (4) 1-7-005:001 (Parcel 1), which is also owned by the applicant and is the planned future site of the Kapalawai Resort.

When the Kauai Belt Road project was completed, a portion of the new Kaumualii Highway dissected applicant's property, Parcel 6, and the adjoining property, Tax Map Key: (4) 1-7-005:002. This created an access situation for Parcel 1, which is separated from Kaumualii Highway by the highway remnant. See Exhibit D. Access to the planned Kapalawai Resort will need to cross the highway remnant.

Applicant Robinson Family Partners proposes to purchase the old government highway remnant and consolidate it into Parcel 6. This area will have two entrances to the resort and will landscape the remaining area between the highway and resort. See Exhibit E.

Kapalawai Resort is a planned 160-acre eco-tourist resort in Makaweli. Robinson Family Partners is leasing the land to Kapalawai Resort.

Robinson Family Partners has not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions.

Comments were solicited from the agencies identified below with the results indicated.

State Agencies:

DOH	No environmental health concerns
DLNR - Historic Preserv.	No response by suspense date
OHA	Revenue reported in annual accounting of public land trust
DOT - Highways Div.	No objections

¹ At its meeting of March 23, 1984, Item D-4, the Board authorized DOT-Highways to sell a number of road remnants statewide. Although the subject remnant was not included on the approved list, Land Division staff believes the remnant is under the jurisdiction of DOT-Highways pursuant to applicable law. Nevertheless, in order to facilitate a resolution of this matter, Land Division staff will process this disposition, if approved.

County Agencies

County Planning	No objections
Public Works	No comments

Staff has no objections to the request.

RECOMMENDATION:

That the Board:

1. Find that the subject lands are economically or physically unsuitable or undesirable for development or utilization as a separate unit by reason of location, size, shape, or other characteristics and, therefore, by definition is a remnant pursuant to Chapter 171, HRS.
2. Authorize the subject requests to be applicable in the event of a change in the ownership of the abutting parcel described as Tax Map Key: (4) 1-7-005:001, provided the succeeding owner has not had a lease, permit, easement or other disposition of State lands terminated within the last five (5) years due to non-compliance with such terms and conditions.
3. Authorize the subdivision and consolidation of the subject remnant by the Applicant.
4. Subject to the Applicant fulfilling all of the Applicant Requirements listed above, authorize the sale of the subject remnant to Robinson Family Partners covering the subject area under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
 - a. The standard terms and conditions of the most current deed or grant (remnant) form, as may be amended from time to time;
 - b. Review and approval by the Department of the Attorney General; and
 - c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

The following permitted activities are found to be exempted from preparation of an environmental assessment under the authority of Chapter 343, HRS and Chapter 11-200, HAR:

Project Title:

Amend Prior Board Action of July 10, 2015, item D-3, Sale of Old Government Road Remnant to Robinson Family Partners. The purpose of the amendment is to include the issuance of a right-of-entry permit to Robinson Family Partners, its consultants, contractors, and persons acting on its behalf, for site visit and survey purposes.

PSF Number: 14KD-169

Project Description:

Applicant is the owner of parcel (4) 1-7-005:006 (Parcel 6) as staff has confirmed by County of Kauai Real Property Tax Assessment website. Other abutting property to the subject remnant parcel includes parcel (4) 1-7-005:001 (Parcel 1), which is also owned by the applicant and is the planned future site of the Kapalawai Resort.

When the Kauai Belt Road project was completed, a portion of the new Kaumualii Highway dissected applicant's property, Parcel 6, and the adjoining property, Tax Map Key: (4) 1-7-005:002. This created an access situation for Parcel 1, which is separated from Kaumualii Highway by the highway remnant. See Exhibit D. Access to the planned Kapalawai Resort will need to cross the highway remnant.

Applicant Robinson Family Partners proposes to purchase the old government highway remnant and consolidate it into Parcel 6. Applicant requests the issuance of a right-of-entry permit to Robinson Family Partners, its consultants, contractors, and persons acting on its behalf, for site visit and survey purposes. No construction or site work will be permitted under the right-of-entry.

The applicants have not had a lease, permit, easement or other disposition of State lands terminated within the last five years due to non-compliance with such terms and conditions.

EXHIBIT B

Exemption Determination:

After reviewing HAR § 11-200-(8), DLNR has concluded that the activities under this permit would have minimal or no significant effect on the environment and that issuance of the permit is categorically exempt from the requirement to prepare an environmental assessment.

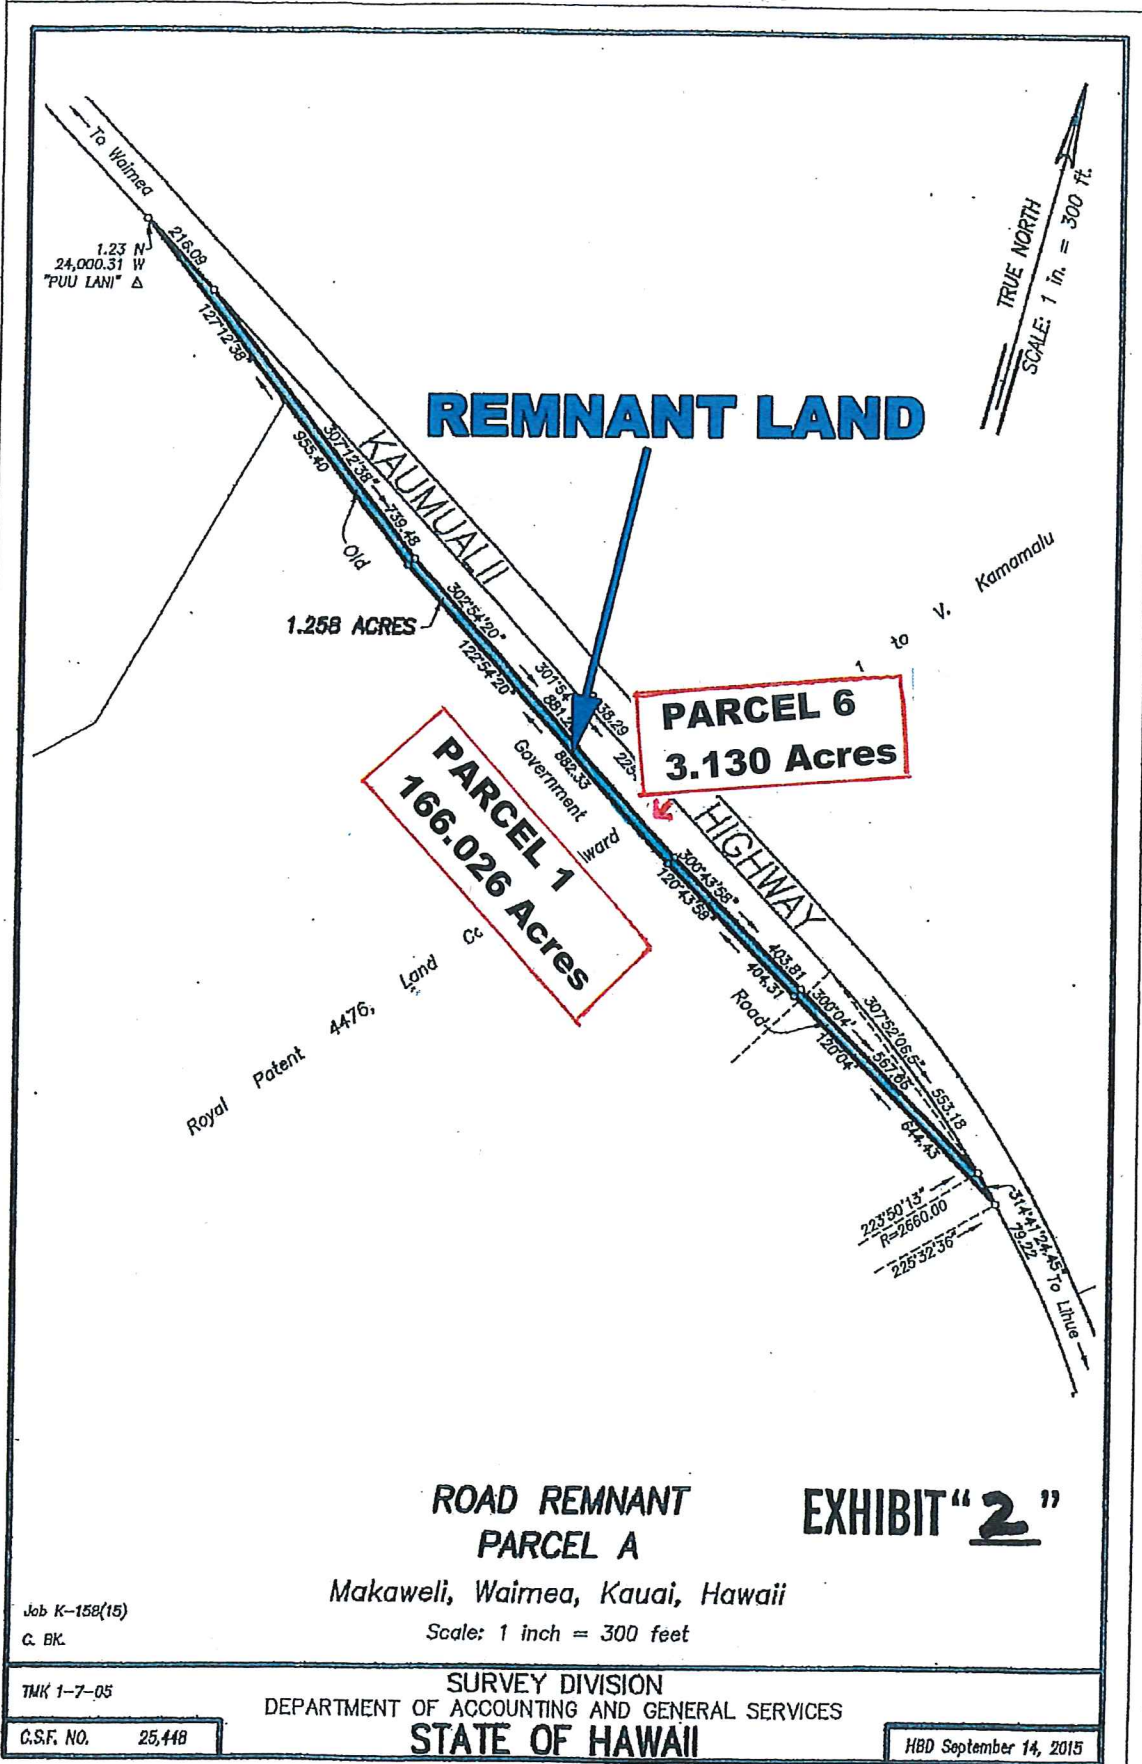

According to the Exemption List for the Department of Land and Natural Resources, as Reviewed approved by the Environmental Council on June 5, 2015, Exemption Class No.1, "Operations, repairs or maintenance of existing structures, facilities, equipment or topographical features, involving negligible or no expansion or change of use beyond that previously existing [HAR § 11-200-8(a)(46)]".

Conclusion:

It is recommended that the Board declare that this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.

The remnant contains a total land area of 1.258 acres (54,798 square feet) and is part of TMK (4) 1-7, Plat 005 but has not been assigned a specific tax map key parcel number. It is approximately 20 feet wide and is estimated to be about one-half mile in length. The Parties
