By letter dated May 24, 2013, Mr. Walton D.Y. Hong, Attorney at Law, on behalf of Hiroshi Azeka, Norman D. Thompson, and Karen E. Mr. Hiroshi Azeka passed away on April 2, 2014. An order approving final accounts and distribution and settling estate was approved by the Circuit Court of the Fifth Circuit on April 20, 2015. The subject lease premises are being used substantially for the purpose for which they were leased.

Re: Request for extension of State General Lease S-4575
Hiroshi Azeka, Norman D. Thompson, and Karen E. Thompson, Lessees

Gentlemen,

We represent Hiroshi Azeka, Norman D. Thompson and Karen E. Thompson, who are the lessees under State of Hawaii General Lease S-4575. The Lease is for premises situated at Nawiliwili, Kauai, Hawaii, and more particularly identified as Kauai Tax Map Key: 3-2-04-14.

Upon learning that the maximum term for which the Lease can be extended is for an additional twenty-five years, please consider this letter as superseding and replacing my letter of May 17, 2013.

The Lease will currently terminate on November 29, 1917, and the Lessees are respectfully requesting that the term of the Lease be extended for an additional twenty-five (25) years, or until November 29, 2042.

The basis for the extension is the desire of the Lessees to replace the roof on the existing building. Although the Lessees have spent in excess of $70,000.00 in repairing and maintaining the building over the years, the roof needs repair or replacement. Attached is a copy of a letter, dated April 23, 2013, from The Consolidated Corp. for the proposed roof replacement, at a cost of $228,035.00.

Such a cost cannot be justified over the 4½ years remaining on the Lease, and the Lessees believe that the maximum 25-year extension would permit them to appropriately and reasonably recover the investment in the roof replacement. The Lessees understand that the lease rental

RE: Consulting Inspection on:
Warehouse located at
TMK: (4) 3-2-04-14

Dear Norman,

Pursuant to your request, on July 26, 2013, I conducted an inspection and reviewed documentation provided on recent and proposed repairs/maintenance of the above warehouse property.

I understand that your request is in response to the State of Hawaii’s Department of Land and Natural Resources requirement that the improvements have an economic remaining life of at least 25 years.

Recent noted replacements to the building includes the re-siding of the entire front of the building, and the replacement of 3 out of 4 (12’) roll up doors. A proposal for upgrading the roof (repair and cover with membrane coating) plus the replacement of the 4th roll up door was also noted and is considered in this analysis. Additionally, it has been my personal observation since appraising the property in 1987 and in passing the over the past 26 years, that the building had been diligently maintained.

Based on my onsite physical inspection and review of recent and proposed work related to the building, plus its’ overall current condition, it is my professional opinion that the improvements will meet the State’s requirement that the overall economic remaining life is at least 25 years.

Please let me know if further clarification or information is required.

Sincerely,

Wendel M. Ishida (CGA 172)
Real Estate Appraiser
