CHAPTER 343, HRS - ENVIRONMENTAL ASSESSMENT:

Pursuant to Section 11-200-8(a), Environmental Impact Statement Rules of the Department of Health, State of Hawai‘i, this disposition is exempt from requirements regarding preparation of an environmental assessment, negative declaration, or
environmental impact statement as required by Chapter 343, Hawai‘i Revised Statutes, as amended, relating to Environmental Impact Statements, because the proposed action falls within Exemption Class #1, Comprehensive Exemption List for the State of Hawai‘i, Department of Transportation, dated November 15, 2000, as approved by the Environmental Quality Council. Exemption Class #1 covers operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features involving negligible or no expansion or change of use beyond that previously existing.

REMARKS:

HIA is requesting the holdroom at Gate 7 of LIH on a preferential use basis. The preferential use of a holdroom means scheduling preference over similar operations by other airlines for the use of the holdroom. The preferential use also requires HIA to maintain activity at, or above the utilization threshold or the DOT may revoke HIA’s preferential use of Main Terminal facilities. The initial utilization threshold for the holdroom is six (6) daily turns.

The Department of Transportation (DOT) has no objections to HIA’s request and therefore, in accordance with Sections 171-11 and 171-55, HRS, relating to Public Purposes and Permits, respectively and therefore, the DOT proposes to issue a month-to-month revocable permit to HIA for a preferential holdroom in the Main Terminal at Gate 7 of LIH.

RECOMMENDATION:

That the Board authorize the Department of Transportation to issue a month-to-month revocable permit to HIA, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; and (2) such additional terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State.

Respectfully submitted,

FORD N. FUCHIGAMI
Director of Transportation

APPROVED FOR SUBMITTAL:
