CHAPTER 343, HRS - ENVIRONMENTAL ASSESSMENT:

The issuance of a revocable permit for aircraft parking (parking permit) to K & S, at Hilo International Airport complies with Chapter 343, Exemption Class 1.D.10 as a continuing aeronautical use, and is in accordance with Section 171-55 HRS, relating to Permits. The DOTA consulted with the U.S. Federal Aviation Administration as to the appropriateness of the citation of the Environmental Exemption Class from the Comprehensive list for the Department of Transportation dated November 15, 2000. The FAA has concurred on the appropriateness.
REMARKS:

At its meeting on August 28, 2015, Item M-13, the Board approved K & S’ request for month-to-month parking for its aircraft on Area/Space No. 523-112. At its meeting held on April 21, 2017, the Runway Safety Action Team of ITO determined Area/Space No. 523-112 to be unsafe because of its close proximity to the security identification area gate accessing the helipads and to the recently constructed ramp bypass road that would cause congestion to vehicular traffic in the immediate area. Because of this recommendation, ITO offered to K & S, Area/Space No. 523-106.

The Department of Transportation (DOT) has no objections to K & S’ request; and, therefore, in accordance with Sections 171-11 and 171-55, HRS, relating to Public Purposes and Permits, respectively, the DOT proposes to issue a month-to-month parking permit to K & S, Area/Space No. 523-106 for aircraft parking at ITO.

RECOMMENDATION:

That the Board authorize the Department of Transportation to issue a month-to-month parking permit to K & S, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; and (2) such additional terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State.

Respectfully submitted,
