CHAPTER 343, HRS - ENVIRONMENTAL ASSESSMENT:

Pursuant to Section 11-200-8(a), Environmental Impact Statement Rules of the Department of Health, State of Hawai‘i, this disposition is exempt from requirements regarding preparation of an environmental assessment, negative declaration, or
environmental impact statement as required by Chapter 343, Hawai‘i Revised Statutes, as amended, relating to Environmental Impact Statements, because the proposed action falls within Exemption Class #1, Comprehensive Exemption List for the State of Hawai‘i, Department of Transportation, dated November 15, 2000, as approved by the Environmental Quality Council. Exemption Class #1 covers operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features involving negligible or no expansion or change of use beyond that previously existing.

The DOTA consulted with the U.S. Federal Aviation Administration as to the appropriateness of the citation of the Environmental Exemption Class from the Comprehensive list for the Department of Transportation dated November 15, 2000. In this case, the FAA concurred on the appropriateness.

REMARKS:

The DOT has no objections to the issuance of a revocable permit to LRL’s request, in accordance with Sections 171-11 and 171-55, HRS, relating to Public Purposes and Permits, respectively, and therefore, the DOT proposes to issue a month-to-month revocable permit to LRL, Building/Room No. 302-107 for a storage room located in the Main Terminal at LNY.

RECOMMENDATION:

That the Board authorize the Department of Transportation to issue a month-to-month revocable permit to LRL, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; and (2) such additional terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State.

Respectfully submitted,

JADE T. BUTAY
Director of Transportation
