Board of Land and Natural Resources  
State of Hawaii  
Honolulu, Hawaii

Kauai

Annual Renewal of Revocable Permits on the Island of Kauai. See Exhibit 2 for list of Revocable Permits.

HRS CHAPTER 343 – ENVIRONMENTAL ASSESSMENT:

In accordance with the Exemption List for the Department of Land and Natural Resources, approved by the Environmental Council on June 5, 2015, the subject action is exempt from the preparation of an environmental assessment pursuant to Exemption Class 1, “Operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.” See Exhibit 1 attached.

BACKGROUND:

At the end of each calendar year, Land Division reviews its list of current revocable permits issued statewide and determines which ones to recommend to the Board of Land and Natural Resources for renewal for the upcoming year. Generally, those revocable permits in good standing will be recommended for renewal, unless the Board has approved a different disposition for the land covered by a particular permit.

In the past, staff has brought all revocable permits to the Board for renewal in one submittal. At its meeting on December 11, 2015, under Agenda Item D-14, as amended, the Board directed staff to submit revocable permit renewals by county over four meetings, with an explanation of why a revocable permit is the appropriate disposition and how the rent was set. At its meeting on June 24, 2016, under Agenda Item D-7, the Board further approved the recommendations of the Department of Land and Natural Resources Revocable Permit Task Force, as amended, requesting all divisions notate any non-compliance issues and pending litigation in the renewal submittal. In accordance with these directives, staff is submitting the Kauai revocable permits, including the additional information the Board requested.

REMARKS:

The list of revocable permits for Kauai that staff recommends be renewed for 2019 is attached as Exhibit 2. Included in the exhibit are the revocable permit number, permittee names, tax map keys, land trust status, original commencement date of the permit, character of use, land area, annual rent, method by which staff set the rent and the rationale behind the issuance of a revocable permit. General location maps of the revocable permits to be renewed are attached as Exhibit 3.

At its meeting on October 27, 2017, under agenda item D-3, the Board approved interim rents for the annual renewal of the revocable permits on Kauai for calendar year 2018.

Staff procured a contract with James Hallstrom of The Hallstrom Group/CBRE, Inc. (Appraiser) for appraisal services to assist in valuing the rent to charge for the use of State lands underlying revocable permits statewide as of January 1, 2018, and ground rent discounts for tenancy and use restriction, if any for 21 of the 60 Kauai revocable permits. The Portfolio Appraisal Report (PAR) was completed on May 9, 2018.

The Appraiser recommends increasing 2019's rents by 2-3%, depending upon demand for the properties, over those indicated in the PAR. Staff recommends setting the 2019 Kauai revocable permit annual rents by the following categories (see Exhibit 2 for further details):

- Category A: Revocable permits (RPs) valued by the PAR indicating an increase in the annual rent. Staff recommends increasing the 2018 Indicated Annual Market Rent by 10% for 2019.
- Category B: RPs valued by the PAR indicating a decrease in the annual rent. Staff recommends increasing the annual rent by 3% over the PAR's Indicated Annual Market Rent.
- Category C: RPs not valued by the PAR: Staff recommends increasing the 2019 annual rent by 3% over 2018's annual rent.
- Category D: RPs where the PAR's Indicated Annual Market Rent increased by less than 10% over 2018's annual rent. Staff recommends a 3% increase.
- Category E: For special cases, regardless of whether included in the PAR or otherwise. Staff's recommendations for this category are discussed further in Exhibit 2.

With respect to the revocable permits in Category A, the Indicated Annual Market Rents from the PAR increased from a low of 11% to a high of 269%. Staff feels that immediately implementing these rent increases in full would cause some permittees to cancel their permits, resulting not only in the loss of revenue, but also forcing the Division to expend resources to maintain these lands. Staff views the 10% annual increases for these permits as a means for the Division to achieve rents closer to market over a short period of time, without causing a major disruption to the occupancy of and revenue generated from these lands.

The following State and County of Kauai (COK) agencies were consulted on this action with the results indicated:

Agency:	Comment:
Division of Forestry and Wildlife	No comments
Office of Conservation and Coastal Lands	See Exhibit 4

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment;
2. Approve the continuation of the revocable permits listed in Exhibit 2 and at the rents set forth in such exhibit on a month-to-month basis effective January 1, 2019 for another one-year period through December 31, 2019, except for permits that are in arrears of rental payment for more than 60 days and/or have been approved for forfeiture by a separate Board action. Permits in arrears of rental for 60 days or more and/or approved by the Board for forfeiture shall not be renewed; and
3. Reserve and delegate to the Chairperson the right and authority at any time to review and adjust the rental charges for any of the revocable permits listed in Exhibit 2 any time from and after January 1, 2019, where such adjustments will best serve the interests of the State.

Respectfully Submitted,

Kim E. Miller  
Supervising Land Agent

APPROVED FOR SUBMITTAL:

Suzanne D. Case, Chairperson

# EXEMPTION NOTIFICATION

Regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Annual Renewal of Revocable Permits on the Island of Kauai.

Project / Reference No.: Not applicable

Project Location: Various locations on the Island of Kauai

Project Description: Renew existing revocable permits for a term of one year.

Chap. 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with the Exemption List for the Department of Land and Natural Resources, approved by the Environmental Council on June 5, 2015, the subject request for issuance for right-of-entry is exempt from the preparation of an environmental assessment pursuant to Exemption Class 1, "Operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing."

The annual renewal of existing revocable permits on State lands involves the continuation of existing uses on the lands. No change in use is authorized by the renewal.

Cumulative Impact of  
Planned Successive  
Actions in Same Place  
Significant?

No, the requested locations have been used for same uses since the permits were granted.

Action May Have  
Significant Impact on  
Particularly Sensitive  
Environment?

No.

Analysis:

The request pertains to renewing the revocable permits for Kauai. Staff believes that the request would involve negligible or no expansion or change in use of the subject location beyond that previously existing.

Consulted Parties

Agencies listed in submittal.

Recommendation:

That the Board find this project will probably have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.

*DLNR – Office of Conservation and Coastal Lands*

**SUBJECT:** **REVOCABLE PERMIT REVIEW – ISLAND OF KAUA'I**  
Various Districts, Island of Kaua'i  
*TMK: Various (listed in document)*

Dear Mr. Howard,

The Office of Conservation and Coastal Lands (OCCL) is in receipt of your memo regarding a review of Revocable Permits (RP) located on State Lands on the Island of Kaua'i.

A number of RPs were previously determined to be located within the Conservation District, comments and regulatory compliance for each RP were presented via **COR: KA-16-253**, **COR: KA-17-57**, and **COR: KA-18-35**. The OCCL requests that you please review those correspondence for OCCL requirements or comments for the following RPs:

RP3827; RP5983; RP6511; RP6842; RP7584; RP7664; RP7727; RP7749; RP7805; RP7842; RP5567; RP7669; and RP7881.

The OCCL would like to take this opportunity to remind those persons or entities that utilize parcels located within the SLU Conservation District that landowners are required to inform this office of any proposed land uses that may occur in the Conservation District.

If you have any questions regarding this correspondence please contact Alex J. Roy, M.Sc. of our Office of Conservation and Coastal Lands staff at 808-587-0316 or via email at [alex.j.roy@hawaii.gov](mailto:alex.j.roy@hawaii.gov)

Re: Annual Renewal of Revocable Permits for Kaua'i

Aloha e Mr. Howard:

The Administration of the Office of Hawaiian Affairs (OHA) received your draft submittal to the Board of Land and Natural Resources (BLNR), dated August 15, 2018. The Department of Land and Natural Resources (DLNR) Land Division is recommending to the BLNR renewal of 61 month-to-month revocable permits (RPs) held in Kaua'i County for a period of one year. The 2019 Revocable Permit Master List (master list) included as Exhibit 2 of the draft submittal, provides a table of the subject RPs. At this time, there is insufficient information to determine whether some of these requested renewals should be approved by the BLNR. OHA again reiterates, as has been done in prior comment letters and testimonies regarding annual renewals, that the master list fails to include pertinent information regarding some of the RPs as required by the DLNR Revocable Permit Task Force (Task Force) recommendations adopted by the BLNR on June 24, 2016. The BLNR further confirmed that a "checklist" be applied to both new and renewed RPs to ensure that the Task Force's recommendations are considered during RP renewals.

First, the submittal and its master list fail to provide timetables for the conversion of a number of RPs to alternative long-term dispositions, as called for in the Task Force recommendations adopted by the BLNR. For many of the RPs that are being considered for sale at public auction, or for pending leases or other long-term dispositions on the master list (RP3827, RP6842, RP7466, RP7480, RP7498, RP7507, RP7509, RP7516, RP7521, RP7584, RP7627, RP7628, RP7664, RP7669, RP7701, RP7710, RP7712, RP7721, RP7727, RP7729, RP7739, RP7753, RP7770, RP7785, RP7790, RP7798, RP7833, RP7842, RP7845, RP7848, RP7865, RP7872, RP7881, RP7882, and RP7897), no such timetable is provided. OHA cited many of these RPs in our October 27, 2017 testimony to the BLNR regarding the 2018 annual renewal of RPs for Kaua'i County. OHA observes that the details in the comments column of the master list for these RPs have not changed in the past two years of submittals for the County of Kaua'i annual

revocable permit renewals. As noted in our 2017 testimony, several of these permits have been under RP status for decades, and certain permitted parcels appear to have been approved for lease at public auction for years.

For example, RP7790 and RP7833 were approved for lease at public auction in 2007 and 1998, respectively. At the BLNR meeting on October 27, 2017, Chair Suzanne Case said that she would work with staff to see if she can find a way to assist with bringing these latter two RPs (RP7790 and RP7833) to public auction.<sup>1</sup> However, the comment column for these RPs in this year's master list makes no mention of follow up nor does it describe any challenges to executing a public auction. Without any timetable or additional details provided for the conversion of these aforementioned RPs, and with seemingly limited progress over the past two years, the prioritization of RP conversions appears to be consistently ignored in a way that relegates the State's fiduciary responsibilities and prospective monetary gains as there is potential for significant additional and stable revenue to be realized from RP conversions to longer-term dispositions. Accordingly, OHA strongly recommends that all RPs contemplated for conversion to an alternative, long-term disposition include a conversion timetable, detailed status reports, challenges to conversions (i.e., lack of manpower), and/or other information that can demonstrate whether or how their conversion is appropriately progressing.

Second, the draft submittal does not appear to comply with the BLNR's adopted Task Force recommendations calling for additional relevant details regarding RPs with apparent unusual circumstances. OHA finds this particularly relevant to RP7739. During the BLNR's October 27, 2017 meeting, the discussion regarding this RP stated that the permittee was cited for a violation of having illegal structures on State land. The minutes further detail that Land Division staff agreed to do a follow up inspection to see if the permittee had complied. However, the comment column for this RP on this year's master list makes no mention about the violation, illegal structures, or any follow up inspection. In fact, the comment is the same comment as was printed in last year's master list which states that the parcel was approved for public auction on January 28, 2000, and that "staff will instruct permittee to apply for a [Conservation District Use Permit] or provide proof to the OCCL [Office of Conservation and Coastal Lands] that its use/structure is nonconforming." Considering there has been no change in the comment column regarding this RP from last year to this year, OHA recommends that further detail be provided to show whether and how the violations are being corrected and that consequences (i.e., RP suspension or revocation) be in place for non-compliance.

Third, compliance concerns continue to exist for RPs involving conservation district lands (RP3827, RP5567, RP5983, RP6511, RP6842, RP7584, RP7664, RP7669, RP7727, RP7729, RP7739, RP7749, RP7805, RP7842, and RP7881). Many of these same RPs were cited in OHA's October 2017 testimony to the BLNR for uses that appeared to be subject to permitting and other regulation under conservation district rules detailed in Hawai'i Administrative Rules Chapter 13-5. In last year's master list, the comment column for these RPs issued to parcels within conservation districts assured that "staff will instruct permittee[s] to apply for a [Conservation

District Use Permit] or provide proof to OCCL [the Office of Conservation and Coastal Lands] that its use/structure is nonconforming.” This is the same comment made in this year’s master list.

The OCCL itself provided a list to the DLNR Land Division last year on September 6, 2017, noting that RP5567, RP7669, and RP7881 have “no permits found in OCCL database.” OCCL further noted that “permittees/applicants are required to inform this office [OCCL] of any proposed land uses that may occur in the Conservation District.” These RPs remain on the annual revocable permit renewal list without any recognition of whether and how these now long-standing compliance concerns have been addressed. OHA recommends that a deadline be established for OCCL compliance and that RP suspension or revocation be proposed for lack of timely compliance with conservation district rules. Without a deadline, there is little to assure the BLNR or the public that the permittees and Land Division staff will in fact work to bring these RPs and their covered uses into compliance with laws protecting our most environmentally and culturally significant lands and resources.

Fourth, OHA again asks that RP renewal recommendations also include an indication as to the “ceded” and public land trust status of each parcel. OHA has a substantial stake in the appropriate use and disposition of the State’s “ceded” lands, which were acquired without the consent of the Native Hawaiian people, and most of which are classified as public land trust lands held in trust for the benefit of Native Hawaiians and the public. As a trustee of the “ceded” lands and the public land trust, the BLNR also has a specific fiduciary and moral obligation with respect to the use and disposition of such lands. Accordingly, an indication of the ceded and public land trust status of parcels being recommended for RPs may assist both OHA and the BLNR in applying an appropriate level of scrutiny. During the October 27, 2017 BLNR meeting, Land staff stated that all RPs on the 2017 master list were for ceded lands and that staff tries “as best as we can” to address OHA’s concerns. If the comment about ceded land status is true, a simple sentence within the submittal would suffice to satisfy our request regarding ceded land status.

Finally, OHA also reiterates its request that RP renewal recommendations include explicit, substantive considerations relevant to the BLNR’s primary, public trust duties to conserve and protect Hawai‘i’s natural and cultural resources. Such duties include the fulfillment of the constitutional mandate that the state “conserve and protect Hawai‘i’s . . . natural resources . . . and shall promote the development and utilization of these resources in a manner consistent with their conservation and in furtherance of the self-sufficiency of the state. All public natural resources are held in trust by the state for the benefit of the people.”<sup>2</sup> The BLNR also holds a constitutional duty to protect cultural resources, as well as the practices which rely upon them.<sup>3</sup> Accordingly, OHA urges the provision of additional express information for all RP renewal recommendations, consistent with the BLNR’s public trust duties, such as: the date of the last affirmative review of permit holders’ compliance with permit terms; an indication as to any culturally or environmentally significant or sensitive areas or resources within or adjacent to each RP parcel; and an indication of any previous or potential future uses within or adjacent to each parcel which may result in cumulative impacts to natural and cultural resources.

<sup>3</sup> HAW. CONST. ART. XII SEC. 7; Ka Pa‘akai o ka ‘Āina v. Land Use Comm’n, 94 Hawai‘i 31 (2000).

In summary, the draft master list does not provide sufficient information for the BLNR to make an informed decision on whether to approve or appropriately condition the renewal of the listed RPs; fails to include additional information relevant to the BLNR's fiduciary responsibilities to the ceded lands trust, the public lands trust, and the public trust; and thereby precludes OHA and other interested agencies and the public to provide more specific comments on them. As requested in past comment letters and testimonies, OHA urges that the RP master list be revised to more fully reflect the Task Force recommendations adopted by the BLNR, as well as include additional information needed by the BLNR to uphold its trust duties.
