CHAPTER 343 – ENVIRONMENTAL ASSESSMENT:

In accordance with the “Comprehensive Exemption List for the Division of Boating and Ocean Recreation, Department of Land and Natural Resources, State of Hawaii, as concurred in by the Environmental Council, State of Hawaii”, dated June 5, 2015, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1 that states in pertinent part, “Operations, repairs, or maintenance of existing structures, facilities, equipment or topographical features, involving negligible or no expansion or change of use beyond that previously existing.” This project is exempt from the preparation of an EA pursuant to the following exemption:

Item No. 51. Permits, licenses, registrations, and rights-of-entry issued by the Department that are routine in nature, involving negligible impacts beyond that previously existing.

In consultation with the Land Division (LD), regarding HRS Chapter 343, they concurred that this RP met our Chapter 343, HRS, and chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

REMARKS:

KCF requests the Board's authorization to utilize a portion of the shoreline area on Kaneohe Beach for storing its canoes according to Hawaii Revised Statutes (HRS), §200-20. The statute states, *"Hawaiian outrigger canoes on state shoreline areas. Hawaiian outrigger canoe clubs registered with the Hawaiian Canoe Racing Association, Hui Wa'a Association, its affiliates, or its successor organization may keep their Hawaiian outrigger canoes at no charge on state shoreline areas; provided that:*

(1) The club shall indemnify, hold harmless, and defend the State, its officers, agents, and employees from and against any and all claims arising out of or resulting from activities carried out or undertaken under this section, and shall procure sufficient insurance to provide this indemnification if requested by the department;

(2) The club shall coordinate the placement of canoes with the applicable state or county authority to appropriately accommodate all beach users; and

(3) Where required, the club shall secure an annual revocable permit from the applicable state or county agency. [L 2005, c 220, §2]

KCF currently has an RP with DOBOR at Heeia Kea Pier, which no longer can accommodate the storage necessary for their outrigger canoes; as such they are requesting additional space at Kaneohe Beach Park, Kaneohe, Island of Oahu, Hawaii.

KCF was established in 1973, and became a 501(c)3 non-profit organization in 2009 to expand their ocean based program encompassing Hawaii's youth with learning opportunities and educational programs that promote character development and life-enhancing values through recreation and amateur sports, including canoe paddling. They are members of Hui Waa Racing Association aka Na Ohana O Na Hui Waa, and appear to meet the requirements of HRS §200-20 for storing Hawaiian outrigger canoes at no charge on state shoreline areas. The Division will be working with KCF on the placement of the canoes to ensure public access and accommodate beach users.

RECOMMENDATION:

That the Board of Land and Natural Resources:

1. Declare that, after considering the potential effects of the proposed project as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or

no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.

2. Authorize the issuance of Revocable Permit to the Kaneohe Cultural Foundation covering the subject area for canoe storage purposes under the terms and conditions cited above, which are by this reference, incorporated herein and further subject to the following:
 - a. The standard terms and conditions of the most current Revocable Permit form, as may be amended from time to time; and
 - b. Review and approval by the Department of the Attorney General.
 - c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,
