As such, staff requests that the Board amend its prior action of December 14, 2018, Item D-6, by revising the total size of the subject withdrawal and the reset-aside areas, from 52,464 square feet (1.205 acres), more or less, to 57,465 square feet (1.319 acres), more or less. CHAPTER 343 - ENVIRONMENTAL ASSESSMENT:

With respect to the withdrawal and reset-aside, the action before the Board is merely a transfer of management jurisdiction and does not constitute a use of State lands or funds, and therefore, this action is exempt from the provisions of Chapter 343, HRS, pursuant to Exemption Class No. 1, items 43 and 46, relating to the preparation of an environmental assessment. Inasmuch as the Chapter 343 environmental requirements apply to Applicant's use of the lands, the Applicant shall be responsible for compliance with Chapter 343, HRS, as amended.

With respect to the grant of easement for roadway access purposes, the proposed easement corridor has been used as a road for many years. There will be negligible or no expansion or change of the use of road as a result of the granting of the easement to DOBOR. See **EXHIBIT 2**.

APPLICANT REQUIREMENTS:

Applicant shall be required to:

- 1) Provide survey maps and descriptions according to State DAGS standards and at Applicant's own cost.
- 2) Obtain consent of Department of Transportation, Harbors Division, to the grant of a perpetual easement over a portion of Tax Map Key Number: (1) 1-2-023:033 (portion).

BACKGROUND:

The subject request includes a withdrawal of a portion of State lands from the Department of Transportation, Harbors Division (DOT-Harbors) for the purpose of resetting-aside those lands to the Division of Boating and Ocean Recreation (DOBOR) to serve public purposes. The subject State lands were formerly set-aside to serve the Keehi Industrial Park Association (KIPA), pursuant to Governor's Executive Order No. 3558 dated November 27, 1972. Prior to and after Executive Order 3558, four (4) other Executive Orders and Board approvals impacted the jurisdiction over the subject lands.

Starting on February 14, 1931, pursuant to Governor's Executive Order No. 454, the subject parcels of State lands were included within a set-aside to the Board of Commissioners, dated on February 14, 1931.

Pursuant to Governor's Executive Order No. 2636, dated November 27, 1972, the subject parcels of State land were included within a set-aside to DOT-Harbors, to serve harbor purposes.

At its meeting of March 8, 1991, the Land Board approved of the withdrawal of a portion of State lands to serve the Keehi Industrial Park Association (KIPA).

Pursuant to Governor's Executive Order No. 3558, dated July 10, 1992, 15.809 acres of the subject State parcels were withdrawn from Governor's Executive Order No. 2636, to serve industrial park purposes (KIPA).

Pursuant to Governor's Executive Order No. 3708, dated October 1, 1997, the subject 15.809 acres were subsequently set-aside to the DOT-Harbors, to serve harbor purposes. See **EXHIBIT 3**.

REMARKS:

DOBOR requests the withdrawal of a portion of land from Executive Order No. 3708, shown as **EXHIBIT 3**, to serve public purposes.

Based upon staff's research and conversations with DOBOR, the area of State lands to be withdrawn from DOT-Harbors and to be reset-aside to DOBOR consists of approximately 52,464 square feet, or 1.205 acres, more or less, of formerly submerged lands. See **EXHIBIT 1-C**, following in this report, for a map depicting each of the five (5) subject parcels of land, (including parcel number 37, for which a former revocable permit was once issued). The subject State lands consist of five (5) industrial parcels, zoned I-2, (Intensive Industrial use), that together, form a triangular-shaped configuration. The subject parcels have roadside frontages that are located *mauka* and across the roadway from the La Mariana Sailing Club.

DOT-Harbors has issued Revocable Permit No. H-02-2339 to Paul N. Fukunaga, dba P. F. Marine (P.F. Marine), for steel boat construction purposes which includes approximately ten thousand (10,000) square feet of land area, further identified as Tax Map Key Number: (1) 1-2-023: 059. The effective date of the revocable permit is July 1, 2002. The current monthly rental income amount is \$1,800.00. The term of the revocable permit is fixed from month to month, for up to one (1) year, and can be renewed annually. According to DOT, the current revocable permit will be terminated upon the withdrawal of the subject lands from its jurisdiction. As such, following the proposed set-aside, DOBOR will be able to issue a new disposition for the parcel. The remaining subject parcels are currently vacant and unencumbered.

Most of the subject parcels include a minimal amount of building/warehouse improvements that are now in poor condition. Currently, there is no existing power, water or sewer connection. Further, there are no curbs, gutters or sidewalks fronting the roadside of the subject parcels.

In summary, DOBOR requests the Board's approval to allow for a portion of the subject State lands, consisting of approximately 52,464 square feet, or 1.205 acres, more or less, to be withdrawn from Governor's Executive Order No. 3708 so that it may then be reset-aside to DOBOR to serve public purposes. According to DOBOR, a portion of the subject lands will provide additional operating space for the use of its future tenant. The current lease for the La Marina Sailing Club, (whose business is located across the roadway), is expected to expire soon in the year 2019. Further uses include parking and other proposed maritime-related uses of the lands.

Staff recommends that the Board issue a perpetual non-exclusive easement to DOBOR to serve roadway access purposes over a portion of Tax Map Key Number: (1) 1-2-23:033, which is presently encumbered by DOT. The instrument shall later be amended to reflect

the easement.

Staff also recommends that the Board issue an immediate management right-of-entry to DOBOR pending the issuance of the requested executive order.

Comments have been requested from the following governmental agencies, and were then noted accordingly, as of the time of this writing:

<u>State Agencies:</u>	
Division of Boating and Ocean Recreation	No objections to the subject request
Department of Transportation-Harbors Division	No response received
Department of Health	No response received
Department of Hawaiian Homelands	No response received
Division of Aquatic Resources	No comments to the subject request
Historic Preservation Division	No objections
Division of Conservation and Coastal Lands	No response received
Office of Hawaiian Affairs	No response received

<u>County Agencies:</u>	
Department of Planning and Permitting	No objections, no comments
Department of Facility Maintenance	No response received
Board of Water Supply	No objections, no comments

There are no other pertinent issues or concerns.

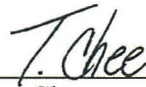

RECOMMENDATION: That the Board:

1. Declare that, after considering the potential effects of the proposed disposition as provided by Chapter 343, HRS, and Chapter 11-200, HAR, this project will probably have minimal or no significant effect on the environment and is therefore exempt from the preparation of an environmental assessment.
2. Approve of and recommend to the Governor issuance of an executive order withdrawing approximately 52,464 square feet, or 1.205 acres, more or less, from the Governor's Executive Order No. 3708, and subject to the following:
 - A. The standard terms and conditions of the most current executive order form, as may be amended from time to time;
 - B. Disapproval by the Legislature by two-thirds vote of either the House of Representatives or the Senate or by a majority vote by both in any regular or

- special session next following the date of the setting aside;
- C. Review and approval by the Department of the Attorney General; and
 - D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
3. Approve of and recommend to the Governor the issuance of an executive order resetting-aside the subject lands to the Division of Boating and Ocean Recreation, under the terms and conditions cited above, which are by this reference incorporated herein and subject further to the following:
- A. The standard terms and conditions of the most current executive order form, as may be amended from time to time;
 - B. Disapproval by the Legislature by two-thirds vote of either the House of Representatives or the Senate or by a majority vote by both in any regular or special session next following the date of the setting aside;
 - C. Review and approval by the Department of the Attorney General; and
 - D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
4. Approve the issuance of an immediate management right-of-entry to the Division of Boating and Ocean Recreation, covering the subject area under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:
- A. The standard terms and conditions of the most current right-of-entry document form, as may be amended from time to time and
 - B. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
5. Approve the issuance of a perpetual non-exclusive easement to the Division of Boating and Ocean Recreation over a portion of Tax Map Key Number: (1) 1-2-023:033 for roadway access purposes under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

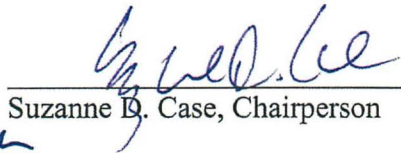

- A. The standard terms and conditions of the most current perpetual easement document form, as may be amended from time to time;
- B. Review and approval by the Department of the Attorney General; and
- C. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.
