Board of Land and Natural Resources  
State of Hawaii  
Honolulu, Hawaii

REQUEST THE BOARD OF LAND AND NATURAL RESOURCES TO DELEGATE AUTHORITY TO THE CHAIRPERSON TO SIGN A USE AND OCCUPANCY AGREEMENT WITH THE UNIVERSITY OF HAWAII, HONOLULU COMMUNITY COLLEGE FOR USE OF THE MARINE EDUCATION TRAINING CENTER TO CONDUCT THE DOCARE ACADEMY FOR CREO I, FROM JANUARY 21, 2020 – AUGUST 18, 2020.

SUMMARY:

The Department of Land and Natural Resources (DLNR), Division of Conservation and Resources Enforcement (DOCARE) is planning to establish and conduct the inaugural Conservation and Resources Enforcement Academy Program for newly hired DOCARE Conservation Resources Enforcement Officer (CREO I) positions. The academy will be conducted at the Honolulu Community College Marine Education and Training Center. The facility is owned by the University of Hawaii, Honolulu Community College (UH-HCC). In order to use the facility, the UH-HCC will require the State to sign a use and occupancy agreement attached to a memorandum of agreement. The Division of Conservation and Resources Enforcement (DOCARE) requests that the Board of Land and Natural Resources (Board) delegate authority to the Chairperson to sign the facility use request and memorandum of agreement with the University of Hawaii, Honolulu Community College subject to Attorney Generals review, and subject to additional findings and conditions the Chair deems appropriate.

**ITEM B-1**

## BACKGROUND:

Enforcement is critical in the protection of Hawaii's Natural and Cultural resources. Conservation enforcement agencies in Hawaii and the nation, face similar issues of being under funded, under capacitated, with a growing list of responsibilities. Fishers, public land users and community members have expressed their concern with the shortage of DOCARE officers as well as a lack of cultural sensitivity. As a solution, the DOCARE proposed to implement a DOCARE Training Academy for newly hired DOCARE officers, both lateral and entry-level positions.

The DLNR/DOCARE Conservation and Resources Enforcement Academy Program is an opportunity to hire and train public citizens who received their high school diploma or equivalent and who can pass a background check. These candidates would be hired at the entry-level position of Conservation Resources Enforcement Officer I (CREO I). Previously, DOCARE could only hire candidates who were already Law Enforcement Officers (LEOs), meaning Honolulu PD, Maui PD, Kauai PD, Hawaii PD, Sheriffs, or equivalent. While law enforcement experience and training are an element of resources enforcement, the critical component is getting candidates who are resource users like hunters, fishers, and boaters, who approach resources enforcement from a resources perspective and practice the same resource management values stipulated within the DLNR's mission statement.

On August 1, 2018 to October 12, 2018, DOCARE conducted the departments first Conservation and Resources Enforcement Lateral Academy Program that encompassed 10 weeks of specific and focused education and skill development relative to managing and enforcing Hawaii's natural resources. The lateral academy class #18-01 started with six recruits from Oahu, Maui and Molokai and graduated the six recruits with success. The lateral academy immersed the recruits with DLNR's values as well as managing agencies focusing on enhancing, protecting, conserving, and managing Hawaii's unique and limited natural, cultural, and historic resources for current and future generations of the people of Hawaii nei, and its visitors.

The follow-up to the DLNR/DOCARE Conservation and Resources Enforcement Lateral Academy Program is the 30-week academy for the CREO I positions which starts on January 21, 2020 and ends on August 18, 2020. DLNR/DOCARE hired and is enrolling 13 CREO I applicants from Hawaii'i island, Maui, Kauai as well as O'ahu into the DLNR/DOCARE Conservation and Resources Enforcement Academy Program. The highlight of the academy is the partnership with Honolulu Community College's (HCC) Administration of Justice (AJ) program. The 13 recruits will be enrolled in HCC's administrative of justice program which will be the foundation of academy. Upon passing the series of metrics, the recruits will be given a certificate of completion from Honolulu Community College which subsequently can be converted to college credits to encourage continued college education.

Following the administration of justice courses the recruits will be trained and developed on topics such as statutory laws, search and seizure, laws of arrest, rules of evidence, report writing, firearms laws, constitutional warnings, drug identification and investigative techniques, traffic laws, county ordinances, liquor laws, adult and pediatric cardiopulmonary resuscitation (CPR) training, adult and pediatric automated external

defibrillator (AED) training, first aid, basic tactical medical training, vessel operation, patrol watercraft operation, ocean safety rescue techniques, use of force application, Axon CEW "TASER" certification, oleo resin capsicum "pepper spray" training, firearms training, surviving verbal conflict training, traffic stop techniques, traffic control techniques, evidence handling techniques, radio communication, patrol vehicle off-road handling, officer survival and tactics, native Hawaiian law, courtroom etiquette, moot court, and scenario based training. Additionally, representatives from the DLNR divisions shall provide the resources management pieces of what officers will be enforcing. Each division will provide a syllabus, lesson plan, and training materials reviewing what their division manages, and more importantly how DOCARE can assist their division and in turn better service the public. DOCARE will also include NOAA and USFW representatives in the training as our jurisdictions and responsibilities overlap from time to time. A draft copy of the proposed 30-week schedule is attached with the submittal.

DOCARE will provide the firearms training off-site at the Koko Head Shooting Complex.

There is no cost associated with the use and occupancy of the Marine Education and Training Center. There is a Honolulu Community College tuition cost per recruit which includes text books and learning materials associated with the administration of justice courses.

#### DEPARTMENTAL AGREEMENTS

The DLNR/DOCARE Conservation and Resources Enforcement Academy Program will be held at the University of Hawaii, Honolulu Community College, Marine Education and Training Center located at 10 Sand Island Parkway, Honolulu, 96819. The facility is leased by the UH-HCC from the DLNR. In order to use the facility, the UH-HCC requires the DLNR to sign a Use and Occupancy Agreement with attached appendixes.

#### RECOMMENDATION:

That the Board:

- 1) Delegate authority to the Chairperson to sign the Use and Occupancy agreement with attached appendixes with the University of Hawaii, Honolulu Community College, to use the Marine Education and Training Center for the DLNR/DOCARE Conservation and Resources Enforcement Academy Program from January 21, 2020 – August 18, 2020 subject to Attorney Generals review and approval, and subject to findings and conditions the chairperson deems appropriate.

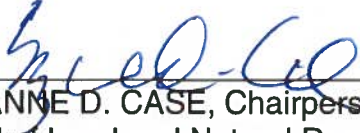

Respectfully submitted,

---

Jason REDULLA, Enforcement Chief  
Division of Conservation and Resources Enforcement

APPROVED FOR SUBMITTAL:

\_\_\_\_\_  
SUZANNE D. CASE, Chairperson  
Board of Land and Natural Resources
