Ref No.: 97OD-137

OAHU

Second Amendment of Prior Board Action dated October 10, 1986, Item F-9, as amended by October 25, 2019, Item D-9; *Request of the City and County of Honolulu, Board of Water Supply, for Executive Order Setting aside 6MG Reservoir Site Together with Electrical Transmission Line, Waterline and Roadway Easement at Kahana Valley, Kahana, Koolauloa, Oahu*, Tax Map Key: Portions of (1) 5-2-001 & 5-2-002

The purpose of this amendment is to seek Board's Authorization for Issuance of an Executive Order to Withdraw 1.644 acres for the 6MG Reservoir Site from Governor's Executive Order No. 3518.

BACKGROUND:

On October 10, 1986, under Item F-9, the Board authorized the issuance of a Governor's Executive Order for the set aside of a 6-MG reservoir site together with electrical transmission line, waterline and roadway easement to the City and County of Honolulu, Board of Water Supply ("BWS") covering an area of 71,627 square feet together with a 25-foot wide easement. At its meeting of October 25, 2019, Item D-9, the Board amended its 1986 action by removing Recommendation B.2 in its entirety. A copy of the October 25, 2019 submittal (including the October 10, 1986 action) is attached as **Exhibit A-1**.

The Land Board's 1986 action of setting aside to BWS predated the issuance of Governor's Executive Order ("EO") 3518 dated July 2, 1991 for the Kahana Valley State Park. However, the BWS' area was inadvertently included in EO 3518. During the preparation for the setting aside document to BWS, it was determined that a withdrawal of the BWS' site from EO 3518 was prudent. Upon approval of today's request, staff will finalize the set aside process.

RECOMMENDATION: That the Board amend its prior action of October 10, 1986, Item F-9, as amended by October 25, 2019, Item D-9 by approving and recommending to the Governor issuance of an executive order withdrawing 1.644 acres from Governor's Executive Order No. 3518, subject to:

- A. The standard terms and conditions of the most current executive order form, as may be amended from time to time;
- B. Disapproval by the Legislature by two-thirds vote of either the House of Representatives or the Senate or by a majority vote by both in any regular or special session next following the date of the setting aside;
- C. Review and approval by the Department of the Attorney General; and
- D. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Patti E. Miyashiro, Land Agent

OAHU

Amend Prior Board Action dated October 10, 1986, Item F-9, *Request of the City and County of Honolulu, Board of Water Supply, for Executive Order Setting aside 6MG Reservoir Site Together with Electrical Transmission Line, Waterline and Roadway Easement at Kahana Valley, Kahana, Koolauloa, Oahu*, Tax Map Key: Portions of (1) 5-2-001 & 5-2-002

The purpose of this amendment is to remove prior Recommendation B.2 regarding the provision of a water meter to the Division of State Parks at the cost of the City and County of Honolulu, Board of Water Supply.

BACKGROUND:

On October 10, 1986, under Item F-9 (**Exhibit 1**), the Board authorized the issuance of a Governor's Executive Order for the set aside of a 6-MG reservoir site together with electrical transmission line, waterline and roadway easement to the City and County of Honolulu, Board of Water Supply ("BWS") covering an area of 71,627 square feet together with a 25-foot wide easement shown on **Exhibits 2a, 2b and 2c**.

In the 1986 approval, as amended, Recommendation B.2 required that the Kahana State Park shall be provided with a water meter with the size to be determined by the Division of State Parks at no cost to the State of Hawaii.¹

The preparation of map and legal description and petition to the Land Court for subdivision and designation of easement were not completed until November 2009.

Around August 2010, BWS and the Division of State Parks had discussions regarding the resolution of the water meter requirement, possibly in the manner of a memorandum of agreement ("MOA"). To date, there is no executed MOA.

Recently, staff suggested to both agencies that they proceed with the documentation of the 1986 approval notwithstanding Recommendation B.2 therein. The parties agreed to the proposed approach and staff now brings the request to the Board. Both the Division of

¹ At its September 27, 1986 meeting, item F-9, the Board already amended the staff recommendation by removing "water from the reservoir and" from Recommendation B.2. Today's request only pertains to the water meter.

October 25, 2019

State Parks and BWS have both indicated their no objections as shown on **Exhibits 3a and 3b**. Upon approval of today's request, staff will finalize the documentation of the 1986 approval.

RECOMMENDATION: That the Board:

- A. Amend its prior action of October 10, 1986, Item F-9 by removing Recommendation B.2 in its entirety.
- B. All terms and conditions listed in its October 10, 1986 approval to remain the same.

Respectfully Submitted,

Patti E. Miyashiro, Land Agent

Gentlemen:

Subject: Request of the City and County of Honolulu, Board of Water Supply, for Executive Order Setting Aside 6MG Reservoir Site Together with Electrical Transmission Line, Waterline and Roadway Easement at Kahana Valley, Kahana, Koolauloa, Oahu

At its meeting of August 24, 1984, under agenda item M-10, the Board approved CDUA OA-1/24/84-1616 filed by the City and County of Honolulu, Board of Water Supply, for a 6.0 MG concrete reservoir, 42-inch influent-effluent water main and access road in Kahana Valley, Kahana, Koolauloa, Oahu, subject to the following terms and conditions:

1. That the applicant comply with all applicable statutes, ordinances, rules and regulations of the Federal, State and City and County governments and applicable parts of Section 12-2-21 of Title 13, Chapter 2, Administrative Rules, as amended;
2. The applicant, its successors and assigns shall indemnify and hold the State of Hawaii harmless from and against any loss, liability, claim or demand for property damage, personal injury and death arising out of any act or omission of the applicant, its successors, assigns, officers, employees, contractors and agents under this permit or relating to or connected with the granting of this permit;
3. Other terms and conditions as prescribed by the Chairperson;
4. In that this approval is for use of conservation lands only, the applicant shall obtain appropriate authorization through the Division of Land Management, State Department of Land and Natural Resources for the occupancy of State lands;
5. An archaeologist shall be on site to monitor this project during ground disturbance, trenching, and slope grading;
6. The applicant shall notify the Division of State Parks of the commencement of construction for field inspection scheduling;

LAND AND NATURAL RESOURCES
AT ITS MEETING HELD ON

ITEM F-9

as amended 10/15/86

Amendment: Amended to water subdivision
subject to water creation as to whether
lands included in prior construction and
requirement that the state be furnished
with water at no cost.

EXHIBIT 1

Board of Land and
Natural Resources

October 10, 1985

7. In the event any unanticipated sites or remains such as shell, bone or charcoal deposits, human burials, rock or coral alignments, pavings or walls are encountered during construction, the applicant shall stop work and contact the Historic Preservation Office at 548-7460 or 548-6408;
8. That the applicant comply with all applicable Public Health Regulations;
9. The applicant shall post signs informing hunters that construction equipment and people are in the vicinity;
10. Installation of culverts in streambeds shall be subject to permit requirement according to Administrative Rule 13-167; Permit to Alter Stream Channel.
11. The applicant shall observe a moratorium on testing, development and construction in Kahana Valley to last until December 31, 1985, or sooner if the Board shall decide.
12. After the expiration of the moratorium, any work of construction to be done on the land shall be initiated within one (1) year of the termination of the moratorium, and, all work and construction must be completed within three (3) years of the termination of the moratorium. Failure to comply with this condition shall render this application null and void.
13. Four (4) copies each of the final location map, plans, and specifications shall be submitted to the Chairperson, or his authorized representative for approval of which three (3) copies will be returned;
14. That the applicant may be required by the Chairperson to backfill to 900 feet elevation or otherwise visually screen the reservoir so that only the top 15 feet of the reservoir will be exposed;
15. Appropriate landscaping shall be instituted to mitigate adverse aesthetic impact; and
16. If, by December 31, 1985, there are changes to the Board's plans for Kahana, the Board reserves the right to change the conditions of this approval.

Subsequent to the foregoing, the City and County of Honolulu, Board of Water Supply, under Job No. 86-34, Kahana 315 Reservoir System requests the set aside of the reservoir together with an easement for electrical transmission line, waterline and roadway plus right of entry to commence with construction of the facilities.

The reservoir and easement are shown outlined in red on the map labeled Land Board Exhibit "A" appended to the basic file.

Board of Land and
Natural Resources

October 10, 1986

RECOMMENDATION:

The Board:

- A. Authorize the subdivision of Parcel 1 of Tax Map Key: 5-2-01 into two (2) lots for purposes of establishing the reservoir lot. The exact metes and bounds description for the subdivision to be determined by the State Survey Division, Department of Accounting and General Services.
- B. Approve recommending to the Governor of Hawaii issuance of an executive order placing the reservoir site and easement for electrical transmission line, waterline and roadway as shown on Land Board Exhibit "A" under the management and jurisdiction of the City and County of Honolulu, Board of Water Supply, subject to the following conditions:
 1. Conditions 1., 7., 8., and 10. under agenda item H-10 dated August 24, 1984 pertaining to CDUA OA-1/24/84-1636
 2. The Kahana State Park shall be provided at no cost to the State of Hawaii with ~~water from the reservoir~~ a water meter with the size to be determined by the Division of State Parks.
 3. Upon cancellation of the executive order and/or abandonment of the premises, the City and County of Honolulu, Board of Water Supply, shall restore the premises to a condition acceptable to the Department of Land and Natural Resources.
- C. Grant the City and County of Honolulu, Board of Water Supply, right of entry to the subject area shown on Land Board Exhibit "A" and permission to install and construct the reservoir, electrical transmission line, waterline, and roadway, subject to the following terms and conditions:
 1. Conditions 1., 2., 5., 6., 7., 8., 9., 10., 13., 14., and 15., under agenda item H-10 dated August 24, 1984 pertaining to CDUA OA-1/24-84-1636.
 2. The grantees shall submit three (3) sets of the survey parcel maps and descriptions covering the reservoir site and easement for electrical transmission lines, waterline and roadway.
 3. Standard indemnity and hold-harmless clause

Board of Land and
Natural Resources

October 10, 1984

4. The site for depositing of the landfill (spoil) resulting from the excavation of the reservoir shall be approved by the Chairperson prior to removal from the site.
5. Other terms and conditions the Chairperson may prescribe.
