The proposed action falls within the following Exemption:

Chapter 11-200.1-15 (c) (1) Operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving minor expansion or minor change of use beyond that previously existing.

This request would qualify under the above exemption because the Applicant/Lessee would be using the space as a parking and construction storage yard for operations at Daniel K. Inouye International Airport, which does not require any changes beyond what is currently existing.

The DOTA consulted with the U.S. Federal Aviation Administration (FAA) as to the appropriateness of the citation of the Environmental Exemption from Chapter 11-200.1-15 (General types of actions eligible for exemption) dated December 18, 2018. The FAA concurred on the appropriateness.

REMARKS:

In accordance with Section 171-55, HRS, relating to Permits, and 261-7, HRS, relating to Operation and Use Privileges, the Department of Transportation proposes to issue a month-to-month revocable permit to Shimmick/Traylor/Granite, JV for using the space as a parking and construction storage yard for operations at Daniel K. Inouye International Airport.

RECOMMENDATION:

That the Board authorize the Department of Transportation to issue a month-to-month revocable permit to Shimmick/Traylor/Granite, JV, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; and (2) such additional terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State.
