Subject: [EXTERNAL] Testimony for BLNR meeting Sept 25, 2020
Date: Wednesday, September 23, 2020 8:00:43 PM

Aloha Darlene,

I would like to be on standby for oral testimony for item 4 under D, Land Division for Friday's meeting. I understand the petition for a contested case hearing is recommended for denial, so I doubt my oral testimony will be necessary and I am not sure I can be at the meeting at that time due to work, but I will try to be available just in case there are any questions from the board that I can answer as Ms. Hayward's representative.

You can also add this written testimony from me: Tracy Hayward has been considering Mr. Jimmy Gomes's comments at the meeting where the permit was approved suggesting that mowing may be a better alternative to cows for weed abatement. She would like to keep the right to run cows as discussed at that meeting, but she is open to working the issue out with her neighbors, the Livingstons. However, we will be requesting from them that they commit to removing the landscape debris, including tree stumps, that they have been pushing onto the state land. It is Ms. Hayward's 's intention to keep peace in the neighborhood and be a good steward of the land.

Mahalo,
Chris Harrington Pryor
