CHAPTER 343, HRS - ENVIRONMENTAL ASSESSMENT:

The State of Hawaii, Department of Transportation, Airports Division (HDOTA), has determined that the subject land areas are covered by the Keahole Airport Master Plan Final Environmental Impact Statement (EIS), published by the Office of Environmental Quality Control (OEQC) in the November 8, 1988, issue of The Environmental Notice and accepted by the Governor on December 19, 1988.
REMARKS:

TEA was allowed occupancy and use of the premises effective June 1, 2018, at which time a discount of 25% was being offered by the Department of Transportation Airports (DOT-A) for aeronautical tenants for ramp space. TEA was in breach of its Cargo Lease at Hilo International Airport, and the Permit was not allowed to progress until the breach was cured. TEA is now in good standing with DOTA, however the aeronautical discount has been discontinued and will be removed from billing effective February 1, 2020.

In accordance with Section 171-55 HRS, relating to Permits, the Department of Transportation proposes to issue a month-to-month revocable permit to TEA for its cargo operations at KOA.

RECOMMENDATION:

That the Board authorize the Department of Transportation to issue a month-to-month revocable permit to TEA, subject to: (1) terms and conditions herein outlined, which are by reference incorporated herein; and (2) such additional terms and conditions as may be prescribed by the Director of Transportation to best serve the interests of the State.

Respectfully submitted,
