The submittal includes a status update and discussion of RPs, as well as any that have been revoked or cancelled for indicated reasons, including any staff
recommendations to the Board. Any RPs which in the future require a change in status during the continuation period will be brought to the Board separately.

identified numerous revocable permits which should be converted to long term dispositions and provided timetables to convert those permits. Staff has updated these timetables noting its progress.

31 True Blue, Inc. Staff believes that a long-term lease is the appropriate disposition for this property and will begin work within the next few years to sell a lease at public auction.

S-5407 Kaneohe Yacht Club At its meeting on January 8, 2021, under agenda item J-8, the Board approved the sale of lease at public auction for approximately 146,570 s.f. of submerged lands underlying RP S-5407. With an annual rental of $161,200 or 5% of gross receipts, whichever is greater. Staff has procured a survey for the lease area, which is in progress. House Concurrent Resolution No. 70 was adopted by both the Senate and House of Representatives of the Thirty-First Legislature authorizing the Board to lease the subject submerged lands.

REMARKS:

The list of the revocable permits staff recommends be renewed for fiscal year 2021-2022 is attached as Exhibit E. Included in the exhibit are the revocable permit numbers, permittee names, tax map keys, land trust status, original commencement date of the permits, character of use, land area, annual rent, method by which staff set the rent and the rationale behind the issuance of the permit. Location maps of the revocable permits are attached as Exhibits A, A-1, A-1.1 to A-1.3 to A-8, B, B-1 to B-4, C, C-1, C-1.2, C-1.2.1 to C-1.2.3, C-1.3 to C-5, D, D-1, and D-2.

The Division of Boating and Ocean Recreation procured a contract for appraisal services with Brian Goto and James Hallstrom of CBRE, Inc. (Appraiser) to assist in determining the fair market value rent to charge for the use of State lands underlying 18 revocable permits statewide as of July 1, 2016.

The Appraiser recommends a 2-3% increase per annum in the revocable permit rents, depending on the desirability of the premises. In 2019, the Board approved an increased the annual rental by 9%, with the exception of those permits issued to non-profits, to make up for the two years prior with no rental increases. Staff is not requesting an increase in the annual rental for the permits it seeks to renew in this submittal.

RECOMMENDATION:

That the Board of Land and Natural Resources:

1. Declare that, after considering the potential environmental effects of the proposed disposition under Chapter 343, HRS, and Chapter 11-200.1, this project will probably have minimal or no significant effect on the environment and
applying the Departmental Exemption List of November 10, 2020, under Part 1, as specified above, is therefore exempt from the preparation of an environmental assessment; and

2. Subject to the terms and conditions noted in this submittal, approve the continuation of the revocable permits listed in Exhibit E on a month-to-month basis for another one-year period, from July 1, 2021, to June 30, 2022, except for permits that are in arrears of rental payment for more than 60 days and/or have been approved for forfeiture by a separate Board action. Permits in arrears of rental for 60 days or more and/or approved by the Board for forfeiture shall not be renewed; and

3. Delegate to the Chairperson the authority to adjust the rent for any revocable permit in accordance with the rents listed in Exhibit E.

Respectfully Submitted,
