The environmental impacts of the proposed action to the subject land area are covered by the Honolulu International Airport Master Plan Update and Noise Compatibility Program Environmental Assessment (EA), State Project No. AO1011-03. The EA is a joint State and Federal document, dated September 1989 and published in the October 23, 1989 issue of the OEQC Bulletin. Accordingly, relevant mitigation from the EA and HDOT environmental best management practice will address minimal impacts from this action.

REMARKS:

Adjacent to the walkway is a gated storage area, which requires access through the walkway. Therefore, HDOT deemed this a non-exclusive walkway which Hawaiian Airlines will use at no charge but will be responsible for maintaining.

RECOMMENDATION:

Based on this submittal, and testimony and facts presented, the Department of Transportation recommends the Board finds that approving the issuance of a month-to-month Revocable Permit to Hawaiian Airlines, including its conditions and rent, will serve the best interests of the State.

Respectfully submitted,

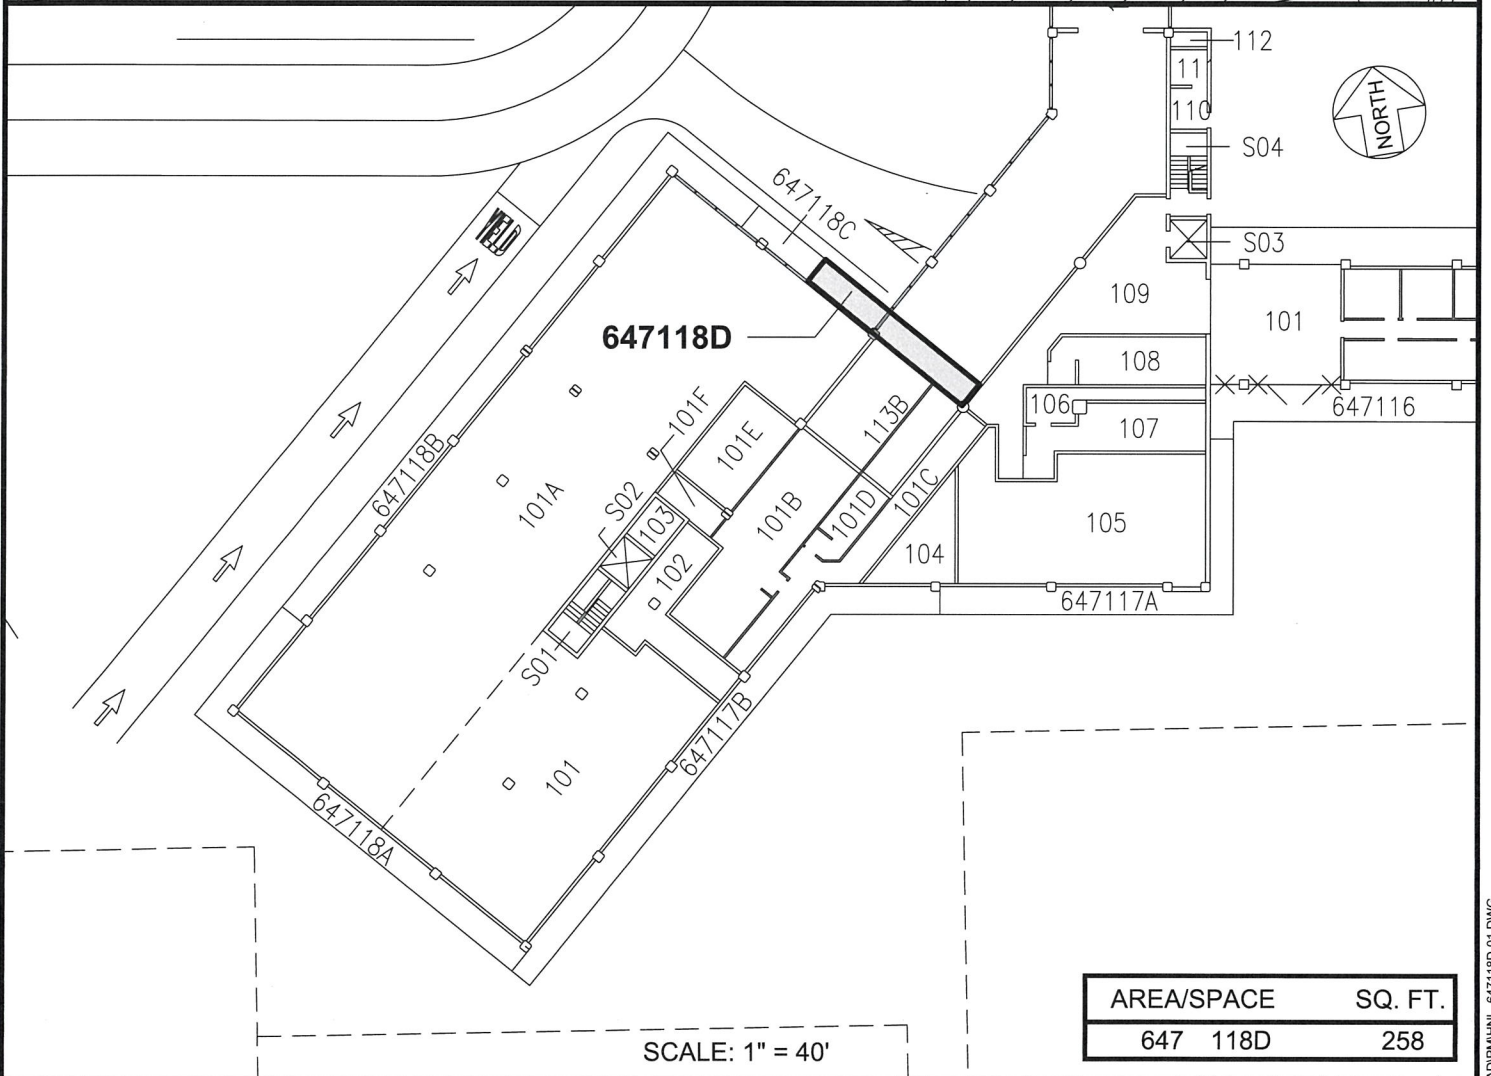

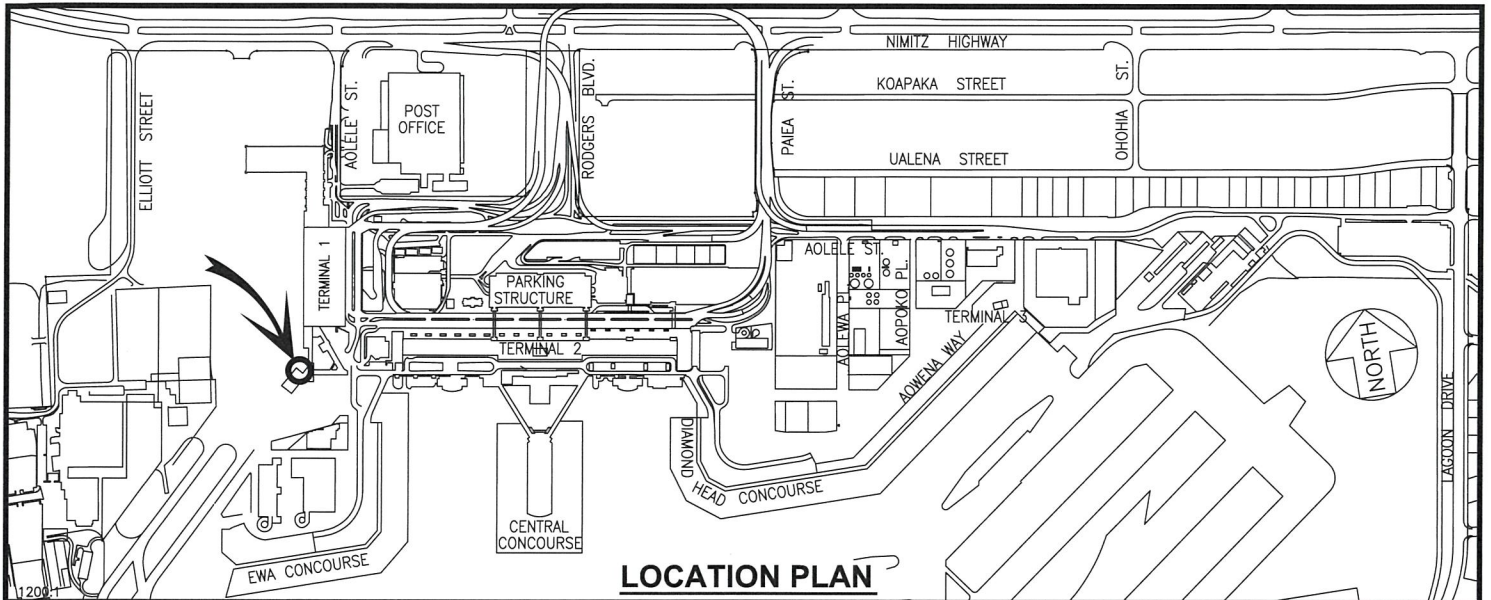

EDWIN H. SNIFFEN
Director of Transportation
