Board of Land and Natural Resources
State of Hawai'i
Honolulu, Hawai'i

Land Board Members:

Subject: AMEND PRIOR BOARD ACTION OF MAY 13, 2022 TO DELEGATE AUTHORITY TO THE CHAIRPERSON TO NEGOTIATE AND SIGN FACILITY USE AGREEMENTS AND MEMORANDUM OF AGREEMENTS WITH DOCARE TRAINING ACADEMY PROGRAM PARTNERS, FOR THE USE OF THE ALOHA STADIUM FACILITIES, THE UNIVERSITY OF HAWAII FOR EDUCATIONAL SUPPORT AND USE OF THE MARINE EDUCATION AND TRAINING CENTER AND LODGING FACILITIES THAT IS NECESSARY TO CONDUCT THE DOCARE ACADEMY PROGRAM FOR ENTRY LEVEL CONSERVATION AND RESOURCES ENFORCEMENT OFFICER I POSITIONS, FROM JULY 11, 2022 TO MARCH 31, 2023, AND FOR FUTURE TRAINING ACADEMY PROGRAMS.

The purpose of this amendment is to clarify that the Board also delegates authority to the Chairperson to procure and contract for goods and services necessary for DOCARE Training Academies, including for lodging, equipment, and training materials.

BACKGROUND:

Enforcement is critical in the protection of Hawai'i's natural and cultural resources. Conservation enforcement agencies in Hawai'i and the nation face similar issues of being under-funded, under-capacitated and with a growing list of responsibilities. Community members have expressed concern with the shortage of DOCARE officers, particularly those with specialized training in natural and cultural resources. As a solution, DOCARE

proposed to implement a DOCARE Training Academy for newly hired DOCARE officers with no law enforcement experience.

The DOCARE Training Academy is ultimately an opportunity to hire and train public citizens who meet and exceed minimum qualifications while having a passion for protecting Hawai'i's natural, cultural, and historical resources. These candidates would be hired at the entry level position of Conservation and Resources Enforcement Officer I (CREO I).

The Academy Program was first established on October 15, 2018, where six applicants formerly employed by other law enforcement agencies of at least one year were hired in the initial Conservation and Resources Enforcement Officer II (CREO II) positions. The applicants, now categorized as lateral hires, were enrolled in the DOCARE Lateral Hire Academy Program which entailed six weeks of onboarding training, development and certification. On December 3, 2018, the CREO II recruits were commissioned with police powers and were assigned to their respective branches where they proceeded into the Field Training Officer program. The DOCARE Lateral Hire Academy Program was the primer for the CREO I Academy Program.

On January 21, 2020, DOCARE established its inaugural CREO I Academy Program. DLNR/DOCARE employed thirteen CREO I recruits who did not have any law enforcement background or training and enrolled them into the DOCARE CREO I Academy Program. Due to the novel COVID-19 pandemic, the recruits endured a modified twenty-seven weeks of academy training and development which entailed learning domains such as the Hawai'i Revised Statutes, Title 13 Hawai'i Administrative Rules, Search & Seizure, Laws of Arrest, Rules of Evidence, Native Hawaiian Law, Basic Boating Operator's Course, Basic Patrol Water Craft Operator's Course and many more applicable and specialized training domains. Additionally, the Academy Program partnered with the University of Hawai'i/Honolulu Community College's Administration of Justice Program, which provided the recruits with an accelerated, albeit accredited curriculum consisting of eleven Administration of Justice courses. In addition to being civil service government employees, the recruits were also registered students and were awarded credits for passing the Administration of Justice courses. On July 31, 2020, and for the first time since DOCARE's inception, the BLNR commissioned twelve CREO I recruits with police powers. The CREO I recruits proceeded to their assigned branches where they continued their development in the Field Training Officer program.

On August 8, 2022, DOCARE ambitiously hired and enrolled forty-two CREO I recruits into the DLNR/DOCARE CREO I Academy Program. Class #22-01 endured thirty-two weeks, or eight months, of academy training and development. As with the inaugural CREO I recruit class, the recruits were registered and enrolled into the UH/HCC Administration of Justice Program where they were offered, passed and received credits for the eleven AJ courses that was provided to them. Additional specialized training domains were implemented into the Academy Program, such as but not limited to, Emergency Vehicle Operations Course, 4x4 and Off-Road Emergency Vehicle Operations Course, All Terrain Vehicle Course, Helicopter Passenger Training Course and Introduction to Search and Rescue to name a few. On March 17, 2023, the DOCARE Academy Program completed its most ambitious onboarding training campaign to which the BLNR commissioned forty-one CREO I recruits with police authority that of a police officer. Now commissioned as Officers, the CREO I's proceeded to

their assigned branches where they continued their development in the Field Training Officer program.

As of this writing, DOCARE currently employs fifty of the fifty-four CREOs, an approximate 93% retainment rate, that was developed and instilled by the CREO I Academy Program. A notable contributing factor to the 93% retainment rate is the Academy Program's culture, mission, competence and commitment in protecting Hawai'i's unique and limited natural, cultural and historic resources and the Department's campaign on hiring applicants of the community and who really care about its mission.

The Academy Program will be put on by DOCARE and include representatives from both the public and private sector. Administration of Justice courses will be provided by Honolulu Community College where recruits are provided the opportunity to learn and earn credits applicable to a degree in the subject. DOCARE itself will provide training by certified instructors in multiple facets, to include but not limited to Hawaii Administrative Rules pertaining Title 13, Hawaii Revised Statutes, firearms, use of force, verbal de-escalation methods, vessel and patrol watercraft operation, Native Hawaiian Law, emergency vehicle operation, driving under the influence (DUI), Hawai'i's fish identification, State of Hawai'i boating laws, hunting regulations, and much more. Each training domain will have a syllabus, lesson plan, and training materials. DOCARE will also include in the Academy Program representatives from the National Ocean Atmospheric Administration (NOAA) and the US Fish and Wildlife as our jurisdictions and responsibilities overlap from time to time. A copy of the proposed Academy Program twenty-eight week schedule is attached with the submittal.

RECOMMENDATION:

That the Board:

1. Clarifies that the delegation of authority to the Chairperson includes the authority to procure and contract for goods and services necessary for DOCARE Training Academies, including for lodging, equipment, and training materials. The May 13, 2022 delegation otherwise continues as amended herein.

Respectfully submitted,

Jason K. Redulla, Enforcement Chief

Division of Conservation & Resources Enforcement

APPROVED FOR SUBMITTAL:

Dawn N.S. Chang, Chairperson
Board of Land and Natural Resources
