

**DISCUSSION:**

On February 23, 2024, the Board approved a competitive RFP for DOFAW to procure incompatible male southern house mosquitoes for IIT application on Kaua'i. The RFP currently stipulates a one-year contract of up to \$6,000,000 between DOFAW and the successful provider. DOFAW requests approval from the Board to increase the contract amount to \$12,000,000 and to extend the contract period from one-year to two-years. This will allow DOFAW to allocate anticipated future funds to the provider for a successive year of mosquito procurement.

**CHAPTER 343, HAWAII REVISED STATUTES – ENVIRONMENTAL ASSESSMENT**

Under the authority of HRS Chapter 343, DOFAW drafted an Environmental Assessment as a co-lead with U.S. Fish and Wildlife Service (USFWS) for the suppression of non-native southern house mosquitoes on Kaua'i. DOFAW presented the final EA to the BLNR on October 13, 2023, where it was approved and a Finding of No Significant Impact (FONSI) signed. Prior to this, USFWS approved the EA and signed a federal FONSI on September 22, 2023. On October 23, 2023, DOFAW published the State's approved EA and FONSI in the Office of Planning and Sustainable Development's Environmental Notice.

**RECOMMENDATIONS:**

That the Board:

1. Approve the increase of the contract amount in the DOFAW-24-Kauai IIT Mosquito RFP from \$6,000,000 to \$12,000,000, and
2. Extend the contract period from one-year to two-years.

Respectfully submitted,

## SECTION ONE: OVERVIEW

### **INTRODUCTION**

Hawai'i's forest bird community supports the world's highest percentage of endemic bird species that are found nowhere else in the world. The persistence of these birds in native forests is essential to the preservation of Hawaiian biocultural and ecological landscapes. Climate change has facilitated encroachment by the southern house mosquito (*Culex quinquefasciatus*), which carries avian malaria, into the high elevation forests that once served as refugia for Hawai'i's endangered forest birds. Several forest bird species on Kaua'i are declining rapidly due to avian malaria: the endangered 'akeke'e (*Loxops caeruleirostris*), threatened 'i'iwi (*Drepanis coccinea*) and 'anianiau (*Magnumma parva*). The State and its partners (U.S. Fish and Wildlife Service, The Nature Conservancy, the American Bird Conservancy, and others), collectively known as Birds, Not Mosquitoes (BNM), have identified and proposed landscape-scale mosquito control in critical forest bird habitat in Hawai'i via the Incompatible Insect Technique (IIT) to suppress the mosquitoes that vector avian malaria.

### **TERM OF CONTRACT**

A single award will be made under this RFP.

Final award is subject to the availability of funds and is also subject to budget restrictions and procedures implemented under the Fiscal Year 2023-24 Executive Biennium Budget Instructions.

### **CANCELLATION**

The RFP may be cancelled and any or all proposals rejected in whole or in part, without liability, when it is determined to be in the best interest of the State.

### **RFP SCHEDULE AND SIGNIFICANT DATES**

## SECTION TWO: SCOPE OF WORK AND SPECIFICATIONS

### **SCOPE OF WORK**

The State of Hawai'i Department of Land and Natural Resources, Division of Forestry and Wildlife (DLNR-DOFAW) seeks to fund the production of incompatible male southern house mosquitoes for IIT deployment across ~3,000 acres of higher elevation forest bird habitat on Kaua'i. DLNR-DOFAW seeks an Offeror to contract a qualified vendor to procure laboratory reared incompatible Palmyra strain southern house mosquitoes (i.e., originating from Palmyra Atoll) that are transinfected with the *Wolbachia pipientis* supergroup B strain (known as wAlbB) isolated from *Aedes albopictus* KLP strain mosquitoes originating from Kuala Lumpur, Malaysia. The wAlbB *Wolbachia* strain and the species of mosquito it was isolated from are to be chosen for this process as both are already widespread across the Hawaiian Islands since the introduction of *Aedes albopictus* to Hawaii over a century ago. Females that are produced during the production process will be sorted out and discarded.

At least 500,000 incompatible male southern house mosquitoes will be produced and shipped to Kaua'i every week for one year of deployment (with the possible addition of a second year, pending funding) by the BNM partner team on Kaua'i. The Offeror will ensure that the vendor not only executes production of the mosquitoes but that they also cover all logistics and costs of shipments.

### **PERIOD OF PERFORMANCE**

August 1, 2024 – March 31, 2027 with the possibility of up to three one-year no-cost extensions

### **SECTION 3: EVALUATION PROCESS**

The award will be made to the responsive, responsible Offeror whose proposal is determined to be the most advantageous to the State based on the below evaluation criteria. All complete proposals submitted before the deadline will be considered. All proposals will be selected on a competitive basis, based on the evaluation criteria identified, and reviewed by an evaluation committee familiar with endangered species facilities. For those proposals listed as “priority listed offerors” pursuant to section 3-122-53, the RFP administrator may contact the Offeror with any clarifying questions regarding the proposal (however, proposals may also be accepted without discussion).

The evaluation process is designed to award the contract not necessarily to the Offeror with the lowest price but rather to the Offeror that will provide the highest quality product. Evaluation criteria reflect both the purpose and priorities for the accomplishment of the project: planning, compliance and construction.

#### **Evaluation Committee**

An evaluation committee, selected by the Procurement Officer, will make all decisions regarding the evaluation, the acceptability of proposals, and selection of a proposal, if any. The committee will consist of at least three (3) qualified state employees. The following individuals have been selected for the evaluation committee for this RFP:

Paul Radley, DOFAW, Mosquito Control Project Coordinator  
Lindsey Nietmann, DOFAW, Forest Bird Recovery Coordinator  
Justin Hite, DOFAW, Mosquito Control Project Planner

Should any of the committee members above be unable to participate, alternates with similar knowledge will be substituted.

#### **Opening of Proposals and Confidentiality of the Evaluation Process**

Proposals will not be publicly opened. Only members of the evaluation committee or State of Hawai'i personnel having legitimate interest in the RFP will be provided access to the proposals and evaluation results during the evaluation period. All proposals, evaluation worksheets and subsequent Best and Final Offer (BAFO), if any, and including documentation, correspondence, and meetings, will be kept confidential until after the contract is awarded. All proposals will be made public only after the review and selection process is completed.

#### **Compliance with Minimum Criteria**

Proposals will be reviewed for conformance with the instructions and requirements of the RFP. The proposals shall be classified initially as acceptable, potentially acceptable, or unacceptable. All responsible Offerors who submit acceptable or potentially acceptable proposals are eligible for a priority list. Discussions will be limited to only “priority-listed” offerors.

### Acceptance/Rejection of Proposals

The evaluation committee will review all proposals that meet the minimum criteria listed above then rank them according to the comparative criteria evaluation listed below. The committee will then enter into discussions with the Offeror that submitted the highest ranked proposal to verify and clarify said proposal and to discuss the final terms and conditions of the Agreement.

### Modification or Withdrawal of Proposals

A modification of a proposal already received will be accepted by the State only if the modification is received prior to the proposal due date or is made via addendum issued by the State. All modifications shall be made in writing and submitted in the same form and manner as the original proposal. An Offeror may withdraw a proposal already received prior to the proposal due date by submitting a written request to the State for withdrawal executed by the Offeror's authorized representative. This provision for modifications and withdrawals of proposals may not be utilized by an Offeror to submit a late proposal and, as such, will not alter the State's right to reject a proposal.

## **COMPARATIVE CRITERIA EVALUATION**

The total number of points used to score this proposal is 100.

### **1) Technical capability and approach for meeting performance requirements (35 points)**

The evaluation committee will review the description of the methods and approach the Offeror intends to use to prepare their contract for IIT mosquito procurement and evaluate whether the proposal:

- Meets quality standards in terms of integration with existing and planned efforts (i.e., can the Offeror successfully contract with a vendor to procure mosquitoes and coordinate with existing BNM partners?).
- Will be completed on a timely basis (i.e., the likelihood that the Offeror's schedule meets DLNR's schedule of procuring mosquitoes for release on Kaua'i as soon as logistically possible, optimally by October 2024).

### **2) Managerial capability: Previous experience and expertise (35 points)**

- Has the Offeror met or exceeded minimum qualifications?
- Has the Offeror provided information demonstrating their experience and expertise in similar work in the Hawai'i archipelago?
- Has the Offeror demonstrated an ability to develop and manage contracts involving large budgets.

### **4) Pricing (15 points)**

- Reasonableness (i.e., does the proposed pricing accurately reflect the Offeror's effort to meet requirements and objectives)
- Affordability (i.e., the ability of DLNR-DOFAW to finance the proposal)
- 5 of the 15 points allocated to pricing shall be allocated to cost.  
The proposal offering the lowest cost will be automatically allocated 5 points.  
The number of points assigned to other proposals will be determined using the

following formula:

$$\frac{\text{Lowest price (\$)} \times 5 \text{ points (maximum)}}{\text{Offeror's proposal (\$)}} = \text{points}$$

- h) The date and time for Offerors to submit their BAFO, if any, is indicated in the RFP Schedule and

The Procurement Officer will award the contract to the Offeror whose proposal is determined to be the most advantageous to the State taking into consideration price and the evaluation factors.
  - k) The contents of any proposal shall not be disclosed during the review, evaluation, discussion, or negotiation process. Once award notice is posted, all proposals, successful and unsuccessful, become available for public inspection. Those sections that the Offeror and the State agree are confidential and/or proprietary should be identified by the Offerors and shall be excluded from access.
  - l) The Procurement Officer or an evaluation committee reserves the right to determine what is in the best interest of the State for purposes of reviewing and evaluating proposals submitted in response to the RFP. The Procurement Officer or an evaluation committee will conduct a comprehensive, fair and impartial evaluation of proposals received in response to the RFP.
  - m) The RFP, any addenda issued, and the successful Offeror's proposal shall become a part of the contract. All proposals shall become the property of the State of Hawaii.
7. Comments concerning defects and questionable or objectionable matter must be made in writing and should be received by the Department of Land and Natural Resources, Division of Forestry and Wildlife prior to the deadline for written questions as stated in the RFP Schedule and Significant Dates. This will allow issuance of any necessary corrections and/or amendments to the RFP. It will help prevent the opening of a defective solicitation and exposure of Offeror's proposal upon which award could not be made. Any exceptions taken to the terms, conditions, specifications, or other requirements listed herein, must be listed in the *Exceptions* section of the Offeror's proposal, if the exception is unresolved by the Proposal Due date.
9. QUESTIONS PRIOR TO OPENING OF PROPOSALS- All questions must be submitted by email and directed to Lainie Berry, Department of Land and Natural Resources, Division of Forestry and Wildlife, at [lainie.berry@hawaii.gov](mailto:lainie.berry@hawaii.gov) . 17. PROPOSAL PREPARATION
  - a) TRANSMITTAL AND OFFER FORM. Proposals shall be submitted using Offeror's exact legal name as registered with the Department of Commerce and Consumer Affairs, if applicable; and to indicate exact legal name in the appropriate spaces on the Transmittal and Offer Form. Failure to do so may delay proper execution of the contract. The authorized signature on the first page of the Offer Form shall be an original signature in ink. If unsigned or the affixed signature is a facsimile or a photocopy, the offer shall be automatically rejected unless accompanied by other material, containing an original signature, indicating the Offeror's intent to be bound.
  - b) Offer Guaranty. An offer guaranty is NOT required for this RFP.
  - c) Tax Liability. Work to be performed under this solicitation is a business activity taxable under HRS Chapter 237, and if applicable, taxable under HRS Chapter 238. Vendors are advised that they are liable for the Hawaii GET at the current 4% rate and the applicable use tax at the current 1/2% rate. If, however, an Offeror is a person exempt by the HRS from paying the GET and therefore not liable for the taxes on this solicitation, Offeror shall state its tax exempt status and cite the HRS chapter or section allowing the exemption.
  - d) Taxpayer Preference. For evaluation purposes, pursuant to HRS §1030-1008, the Offeror's tax-exempt price offer submitted in response to an IFB shall be increased by the applicable retail rate of general excise tax and the applicable use tax. Under no circumstance shall the dollar amount of the award include the aforementioned adjustment.

- e) Original Proposal and Copies to be Submitted. Offeror shall submit one (1) original proposal marked "ORIGINAL". DO NOT SUBMIT MORE THAN ONE ORIGINAL.
  - f) Costs for developing the Proposal are solely the responsibility of the Offeror, whether or not any award results from this solicitation. The State of Hawaii will not reimburse such costs.
  - g) All proposals become the property of the State of Hawaii.

18. **SUBMISSION OF PROPOSAL-** Offers shall be received at the Department of Land and Natural Resources, Division of Forestry and Wildlife, at [lainie.berry@hawaii.gov](mailto:lainie.berry@hawaii.gov), no later than the date and time stated in Significant Dates, as amended. Timely receipt of offers shall be evidenced by the date and time registered by the state of Hawaii e-mail system time when the file is sent. Use RFP DOFAW-Forest bird captive propagation facilities in the subject line. Offers received after the deadline shall be returned unopened. If the Offeror chooses to deliver its offer by United States Postal Service (USPS), please be aware that the USPS does not deliver directly to the Department of Land and Natural Resources, Division of Forestry and Wildlife, but to a central mailroom. This may cause a delay in receipt by the Department of Land and Natural Resources, Division of Forestry and Wildlife and the offer may reach the Division of Forestry and Wildlife after the deadline, resulting in automatic rejection.
19. **Buy America Provision:** The work must be carried out in compliance with the Buy American Provision - Required Use of American Iron, Steel, Manufactured Products, and Construction Materials for Infrastructure As required by Section 70914 of the Infrastructure Investment and Jobs Act (Pub. L. 117-58), on or after May 14, 2022, none of the funds under a federal award that are part of a Federal financial assistance program for infrastructure may be obligated for a project unless all the iron, steel, manufactured products, and construction materials used in the project are produced in the United States, unless subject to an approved waiver. Recipients must include the requirements in this section all subawards, including all contracts and purchase orders for work or products under this program.

None of the funds provided under this award may be used for a project for infrastructure unless:

- a) All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States,
- b) All manufactured products used in the project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation, and
- c) all construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

This Buy America preference only applies to articles, materials, and supplies consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

20. **PRICING-** Pricing shall include labor, materials, supplies, all applicable taxes, except the GET, which may be added as a separate line item and shall not exceed the current rate, and any other costs incurred to provide the specified services. The pricing shall be the all-inclusive cost, except the GET, to the State and no other costs will be honored.
21. **ECONOMY OF PRESENTATION-** Proposals shall be prepared in a straightforward and concise manner, in a format that is reasonably consistent and appropriate for the purpose. Emphasis will

- be on completeness and clarity and content. If any additional information is required by the State regarding any aspects of the Offeror's proposal, it shall be provided within four (4) business days.
22. **PROPOSAL OPENING**-Proposals will be opened at the date, time, and place specified in Section One, or as amended. Proposals shall not be opened publicly, but shall be opened in the presence of two or more procurement officials. The register of proposals and Offeror's proposals shall be open to public inspection after all parties sign the contract.
  23. **EVALUATION OF PROPOSALS**- The Procurement Officer, or an evaluation committee of at least three (3) qualified state employees selected by the Procurement Officer shall evaluate proposals. The evaluation will be based solely on the evaluation criteria set out in Section Four of this RFP. Proposals shall be classified initially as acceptable, potentially acceptable, or unacceptable. Discussion may be conducted with priority listed Offerors who submit proposals determined to be acceptable or potentially acceptable of being selected for award, but proposals may be accepted without such discussions. The objective of these discussions is to clarify issues regarding the Offeror's proposals before the best and final offer, if necessary. If numerous acceptable and potentially acceptable proposals are submitted, the evaluation committee may rank the proposals and limit the priority list to three responsive, responsible offerors who submitted the highest-ranked proposals.
  24. **DISCUSSION WITH PRIORITY LISTED OFFERORS**-Priority listed offerors shall have a discussion with the evaluation committee to discuss their proposal to ensure thorough, mutual understanding. The State in its sole discretion shall schedule the time and location for these discussions, normally within the timeframe indicated in the RFP schedule.
  25. **CANCELLATION OF RFP AND PROPOSAL REJECTION**- The State reserves the right to cancel this RFP and to reject any and all proposals in whole or in part when it is determined to be in the best interest of the State, pursuant to HAR Section 3-122-96 through 3-122-97. The State shall not be liable for any costs, expenses, loss of profits or damages whatsoever, incurred by the Offeror in the event this RFP is cancelled or a proposal is rejected.
  26. **ADDITIONAL TERMS AND CONDITIONS**- The State reserves the right to add terms and conditions during the contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluation.
  27. **CONTRACT EXECUTION**- Successful Offeror receiving award shall enter into a formal written contract. No performance or payment bond is required for this contract. No work is to be undertaken by the Contractor prior to the commencement date. The State of Hawaii is not liable for any work, contract, costs, expenses, loss of profits, or any damages whatsoever incurred by the Contractor prior to the official starting date. If an option to extend is mutually agreed upon, the Contractor shall be required to execute a supplement to the contract for the additional extension period. The Contractor or the State may terminate the extended contract at any time without cause upon six (6) weeks prior written notice.
  28. **PAYMENT**-Incremental payments shall be made to the awarded Contractor upon receipt of reports that meets the expectations of the RFP. The receipt of reports shall be due based on the timeline submitted by the Contractor in the proposal, or as amended. HRS Section 103-10, provides that the State shall have thirty (30) calendar days after receipt of invoice or satisfactory completion of contract to make payment.
