Option Being Evaluated

Assumptions

- Avg Diesel use/mo: 200 gal
- Avg Gas use /mo: 2,500 gal
 - MKSS: 1,500 gal / MKO's: 1,000 gal

The Transtank Pro P12 is a static, economic, double-walled fuel tank. These bulk fuel tanks are for fleet refueling or the sale of fuel, and can be fitted to become complete fuel dispensing and management systems.

SECURABLE

Strong, durable and secure structure with added protection from bumps, scratches and dings.

STACKABLE

Tanks can be stacked, reducing storage space requirements (while empty).

DOUBLE-WALLED

Built-in, weather proof secondary containment, eliminates the need for berms or basins.

UNDER TANK VISIBILITY

Containers can be easily inspected without the hassle of lifting the tank.

MAINTAINABLE

Access manyway, allows access to inner tank for easy routine maintenance and inspection.

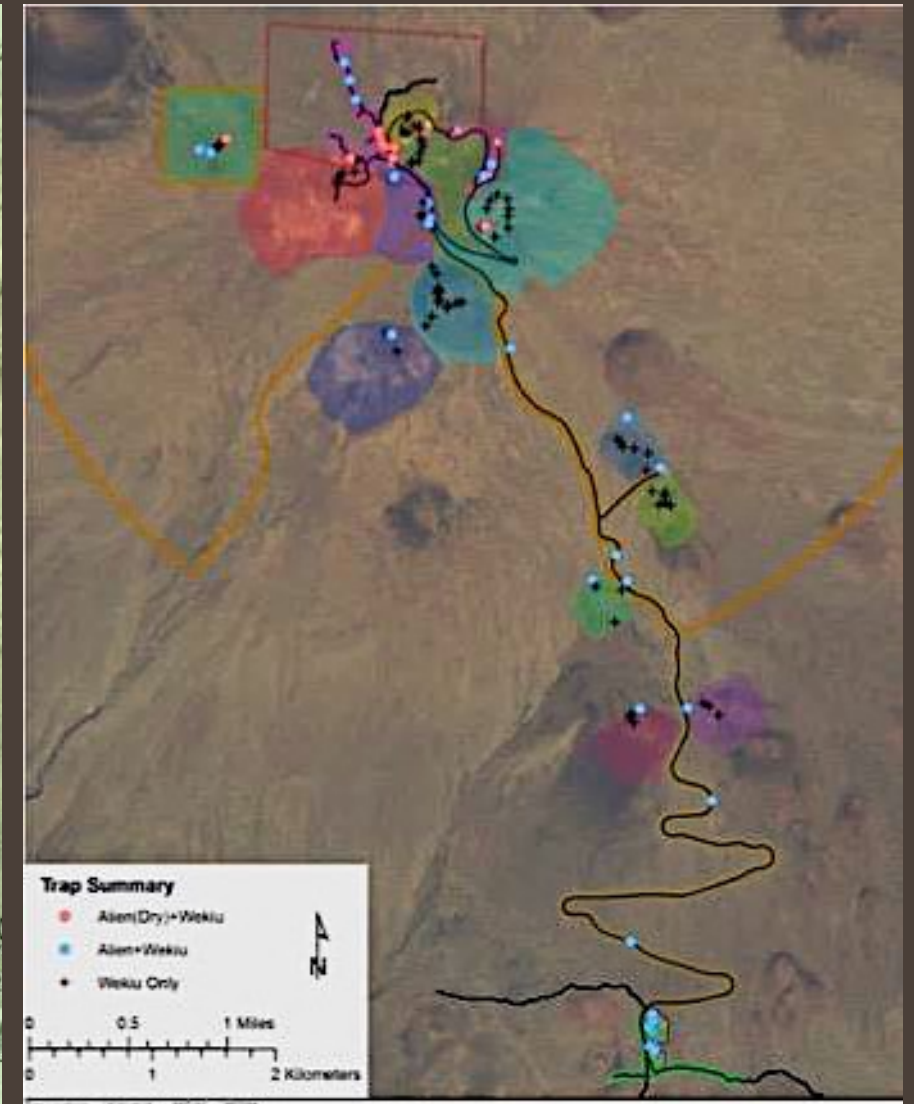

Proposed Design

Diesel & Gas

- 3,000 Diesel tank
- 3,000 Gas tank
- Diesel refill once or twice per year
- Gas refill once per month
- Potential Location: Area east of the Utilities Base Yard just past the end of the paved driveway.
- Tank Price: \$45k (shipping included)

Resource Management

- ❖ 260 identified historic sites; ~90 sites monitored annually
- ❖ 111 arthropod survey sites
