Aloha Member of the BLNR,

Mahalo for reading this email testimony in regards to the agenda item: *After-the-Fact Issuance of Revocable Permit to Na Aikane o Maui, Inc. (NAOMI) for Community Resource Center Purposes for the Period January 1, 2010 through December 31, 2010, with After-the-Fact Annual Renewals for the Period January 1, 2011 Through August 9, 2023, Lahaina, Maui, Tax Map Key: (2) 4-6-007:008.*

Our testimony will be that Na Aikane o Maui, Inc continues to be an integral part of the Maui community. Through the destruction caused by the fire, continuing now they have been working hard to help the community while maintaining and sharing the cultural traditions of this place.   It is important that their lease be renewed so that they may move forward with the work that they started and are doing now. We note that the DLNR has made recommendations for this lease renewal.   We ask that Na Aikane o Maui's recommendations and thoughts be given consideration and understanding in the decision making.

Thank you again for your consideration of this testimony.

Aloha

Please give the lease to Na Aikane o Maui

Aloha no!

I am writing in support of DLNR issuing an after the fact revocable permit to Na 'Aikane o Maui. It has operated as a focal point for education, entertainment and networking/collaboration with many of our Indigenous Brothers and Sisters from around the globe. Being the nexus for education to all.

I wholeheartedly support this endeavour by DLNR.

Mahalo!
