Aloha!

The Free Access Coalition favors the settlement, land owner Yue-Sai Kan is offering the BLNR.

Let's make the land a refuge for endangered indigenous animal and plants.

Mahalo for your time!

John & Rita Shockley. Coordinators. Free Access Coalition.

Subject: [EXTERNAL] Support of K-2, BLNR agenda for July 12
Date: Friday, July 12, 2024 9:52:01 AM

Hello:

I'm writing in support of K-2 , BLNR agenda for July 12, 2024:

I support the settlement that includes Ms. Yu-Sai Kan's property donation of Unit 1 (TMK:(1) 5-6-003:0453)of the Marconi Point Condominium Property Regime to the North Shore Community Land Trust (NSCLT). NSCLT is a nonprofit land conservation and stewardship group and will help support the indigenous animals and their environment associated with this property: Laysan Albatross, Yellow-faced Bees, nesting turtles, and even Hawaiian Monk Seals.

The proposed settlement agreement between the DLNR and Ms. Kan and the Yu-Sai Kan Trust, would make some restitution for the damage and destruction that occurred on that property.

Mahalo,
Gretchen Kowalczyk

SIERRA CLUB

O'AHU GROUP

July 12, 2024

Testimony in support of the draft settlement between the State and Yue-Sai Kan regarding alleged violations at Marconi, Kahuku

Item K2

We are writing in support of the proposed settlement for alleged violations at the Kahuku Marconi property on the North Shore of Oahu.

The enforcement actions the Department has taken thus far for egregious alleged violations on this property has been very encouraging, thank you. DOFAW and OCCL have done excellent work, investigating and analyzing these complex issues. Thank you for working with the North Shore Community Land Trust as they take on this challenging situation as a condominium owner.

We urge you all to persevere with the other alleged violators. Your enforcement actions send a powerful message to all, that you take the protection of our wildlife and habitats, very seriously.

Mahalo,
Sierra Club, O'ahu Group Executive Committee
