Hello BLNR,

The situation regarding parking and the towing is truly a breach of public trust. Parking violations at the Zoo do not result in an instant tow. I hope this is not a situation where a company or people are getting kickbacks from the towing company. It is very suspicious that the tow company will only accept cash. I verified this by calling the tow company. Please rectify this very suspicious, terrible practice that is hurting both the public and tourism.

Sincerely,

Arleen Velasco
